Convenience Banking...
Delivering Solutions,
Improving Lives

THE BANK OF NEVIS LIMITED

Improving the Quality of Life

ANNUAL REPORT | 2017

CONVENIENCE BANKING...DELIVERING SOLUTIONS, IMPROVING LIVES

Virtual Banking is the new brick and mortar presence of banking. Anywhere, Anytime access to banking services is no longer a luxury but a requirement in an ever evolving fast-paced world. A world where days seem shorter as does the time spent doing the things that matter most to enjoy and improve our lives.

Nevis is no exception and The Bank of Nevis Limited - the island's leading indigenous Bank - has invested heavily in time and resources to implement relevant technologies that improve the lives of customers both corporate and individual.

From secure Online Banking to our conveniently located ATM network; from our wide range of Card Services to Point of Sale terminals.

Our customers continue to enjoy 24/7 access to core banking transactions at their convenience so that they can spend time doing the things that matter most to them like growing their business or spending valuable time with friends and family.

This year's Annual Report highlights our suite of Convenience Banking services which deliver solutions everyday while improving our lives!

CORE VALUES

OUR CUSTOMERS

We will build relationships with our customers by meeting our commitments, exceeding service requirements whenever possible, providing good values, responding in a timely manner to their needs and being innovative in helping them to realise their financial goals.

OUR COLLEAGUES

We will provide a working environment of fairness, equity and transparency which facilitates trust, respect and team work and afford all staff opportunities for meaningful, challenging and rewarding work.

OUR SHAREHOLDERS

We will achieve consistent growth and profitability over a long term with returns that result in increasing shareholder value.

OUR SUPPLIERS

We will treat suppliers fairly and forthrightly and fully live up to our agreements.

OUR COMMUNITIES

We will be good corporate citizens, respected and recognised as much for our integrity, commitment insight and progressiveness, as for financial success. We will take an active interest in the communities in which we serve.

OUR WORK

Integrity

We value integrity in our employees, in our relationships with our customers and in our business practices. We believe in conducting business and maintaining all relationships with the highest ethical standards.

Respect

We recognize and appreciate the uniqueness of each individual. We are driven by shared goals and expectations and respect each other in our daily interactions.

Service Excellence

We take pride in delivering superior service that consistently exceeds expectations. We are committed to providing personalized, relationship oriented service that our customers value.

Open Communication Line

We foster open communication throughout the organization. We support healthy debate and personal participation. Employee, customer and shareholder feedback are critical to our development.

VISION

To be the preferred financial institution in the markets we serve.

MISSION

To be a profitable and compliant financial institution, proactive in exceeding our stakeholders' expectations, with a committed and empowered team.

TABLE OF CONTENTS

Notice of Meeting

Notice is hereby given that the thirty-first Annual General Meeting of The Bank of Nevis Limited ('the Company') will be held at Occasions located on the Pinneys By-pass Road, Nevis on Wednesday December 20, 2017 at 6:00 p.m.

AGENDA

1. To approve the Minutes of the thirtieth Annual General Meeting held on December 15, 2016.
2. To receive the report of the Board of Directors.
3. To receive the report of the Auditors.
4. To receive and consider the accounts for the year ended June 30, 2017.
5. To elect three (3) non-independent directors:
    i. H. Ron Daniel II retires by rotation and being eligible offers himself for re-election.
    ii. Kevin Huggins was removed as a director by the Board of Directors on the Eastern Caribbean Central Bank's (ECCB) assessment that he was unfit to act as a director. Mr. Huggins has instituted court proceedings challenging the ECCB's assessment.
    iii. P. Andrew Merchant's term as a director expired having filled the unexpired term of his predecessor Mr. Richard Lupinacci
6. To declare a dividend of 15 cents per share.
7. To appoint Deloitte and Touche, Chartered Accountants, as auditors for the year ending June 30, 2018..
8. Any other business.

By Order of the Board

Herbert

CINDY C.T HERBERT (MRS.)
CORPORATE SECRETARY

NOTES

1. Votes at meetings of shareholders may be given either personally or by proxy or, in the case of a shareholder who is a body corporate or association, by an individual authorised by a resolution of the directors or governing body of that body corporate or association to represent it at meetings of shareholders of the Company.

2. A shareholder who is entitled to vote at a meeting of shareholders may by means of a proxy appoint a proxy holder, or one or more alternate proxy holders, none of whom need be shareholders, to attend and act at the meeting or any adjournment thereof, in the manner and to the extent authorized by the proxy and with the authority conferred by the proxy. A corporation being a member of the company may appoint as a proxy one of its officers or any other person though not a member of the Company.

3. A proxy is valid only at the meeting in respect of which it is given or any adjournment of that meeting.

4. Shareholders are directed to clause 4.4.1 of the Company's By-Laws in relation eligibility for directorship. Clause 4.4.1 reads:

    Eligibility: No person shall be eligible for election as a director of the Company if:

    a. ***he is prohibited from being a director by reason of any provision in or any order made under, the Ordinance, the Banking Act or any other applicable legislation; or***
    b. ***he does not satisfy qualifying criteria/guidelines of the Eastern Caribbean Central Bank;***
    c. ***he does not hold at least five hundred (500) shares in the Company.***
    d. ***unless he or some other shareholder intending to propose him, at least seven clear days before the meeting, leaves at the registered address of the Company a notice in writing duly signed, specifying his candidature for the office and the intention of such shareholder to propose him.***

5. In proposing candidates for nomination as independent directors, shareholders are asked to have regard to the definition ascribed to and determining considerations for an 'Independent Director' in the Eastern Caribbean Central Bank's (ECCB) ***Enforced Guidelines on Corporate Governance for Institutions licensed to conduct Banking Business*** (the 'Guidelines'). The Guidelines define 'Independent Director' as a director who is independent of management and free of any business or other relationships that would materially interfere with, or could reasonably be perceived to materially interfere with the exercise of his unfettered and independent judgment. The guidelines go on to state that in the determination of independence, consideration should be given to whether the person:

    a. ***Was employed by the institution within the last five years; or***
    b. ***Within the last five years, had a material relationship with the institution either directly, or as an advisor, partner, shareholder, director or senior employee or a body that has or had such relationship with the institution; or***
    c. ***Received or receives additional remuneration from the institution apart from a director's fee, participates in the institution's share option or a performance-related pay scheme, or is a member of the institution's pension scheme, or receives other forms or deferred compensation not contingent upon continued service; or***
    d. ***Represents a significant shareholder on the board; or***
    e. ***Has served on the board for more than ten years.***

6. In proposing candidates for nomination to directorship generally, shareholders are asked to have regard to the following subsections of the ***Banking Act, No.1 of 2015:***

97.(1) Every person who is, or is likely to be a director, significant shareholder, or officer of a licensed financial institution or licensed financial holding company must be a fit and proper person to hold the particular position which he holds or is likely to hold.

(2) In determining whether a person is a fit and proper person to hold any particular position, regard shall be had to:

- ***a. the person's probity, competence and soundness of judgment for fulfilling the responsibilities of that position;***
- ***b. the academic or professional qualifications or effective experience in banking, finance, business or administration or any other relevant discipline of the person concerned;***
- ***c. the diligence with which the person is fulfilling or likely to fulfill the responsibilities of that position;***
- ***d. whether the interests of depositors or potential depositors of the licensed financial institution are, or are likely to be, in any way threatened by that person holding the position;***
- ***e. whether the person is a significant shareholder, director or officer or holds any position of authority in any licensed financial institution locally or elsewhere whose licence has been suspended, or revoked otherwise than as a result of an amalgamation or voluntary liquidation or which has been or is being wound up or compulsorily liquidated;***
- ***f. whether the person has failed to satisfy any judgment or order of a court locally or abroad including the repayment of a debt;***
- ***g. whether the person is an un-discharged bankrupt or has been declared a bankrupt locally or abroad; and***
- ***h. whether the person has been removed or suspended by a regulatory authority from serving as a director or officer in a licensed financial institution or any body corporate locally or abroad.***

3. Without prejudice to the generality of the foregoing provisions, regard may be had to the previous conduct and activities in business or financial matters of the person in question and, in particular, to any evidence that the person has:

- ***a. committed an offence involving fraud or other dishonesty or violence;***
- ***b. contravened any provision made by or under an enactment designed for protecting members of the public against financial loss due to dishonesty, incompetence or malpractice by persons concerned in the provision of banking, insurance, investment or other financial services or the management of companies or against financial loss due to the conduct of a discharged or undischarged bankrupt;***
- ***c. engaged in any business practices appearing to the board to be deceitful or oppressive or otherwise improper (whether unlawful or not) or which otherwise reflect discredit on the person's method of conducting business;***
- ***d. an employment record which leads the board to believe that the person carried out an act of impropriety in the handling of his employer's business; or***
- ***e. engaged in or been associated with any other business practices or otherwise conducted himself in a manner as to cast doubt on his competence and soundness of judgment.***

Directors' Profiles

LAURIE LAWRENCE (CHAIRMAN) | MBA IN FINANCE, BSC. MANAGEMENT, C. DIR

Mr. Laurie Lawrence is an Advisor to the Nevis Island Administration (NIA). He holds an MBA in Finance from the University of Bradford in England and a Bachelor of Science Degree in Management Studies from the University of the West Indies, Mona, Jamaica.

He was employed as the Permanent Secretary of Finance (NIA) for twenty three (23) years from 1992 to 2015 and had overall responsibility for marketing and regulation of financial services, international banking, revenue collection, and budgeting and financial management.

His experience includes serving as a director on several Boards including the St. Kitts and Nevis Development Bank, the Foundation for National Development, and the Nevis Historical and Conservation Society. He was also Treasurer of the Nevis Cooperative Credit Union for four (4) years, Deputy Chairman of the St. Kitts and Nevis Financial Services Regulation Commission (FSRC) for four (4) years and Chairman of the Nevis Air and Seaport Authority for six (6) years. He is presently a priest warden at the St. Paul's Anglican Church in Nevis.

H. RON DANIEL II | MA- MINISTRY, BSC. - SOCIOLOGY & LAW; ACC. DIR., A.C.C

Rev. H. Ron Daniel II was elected to the Board of Directors of The Bank of Nevis Limited during the Bank's Annual General Meeting held on Wednesday March 19, 2014. Mr. Daniel holds a Masters of Arts in Ministry with a Concentration in Leadership from Indiana Wesleyan University and a Bachelor of Science degree in Sociology and Law from the University of the West Indies (Cave Hill Campus). He holds the designation of Accredited Director (Acc. Dir) from The Institute of Chartered Secretaries and Administrators in Canada (ICSA) and Audit Committee Certified (ACC) from the Caribbean Governance Training Institute (CGTI). He is also an ordained Minister in the Wesleyan Holiness Church of the Caribbean.

Rev. Daniel serves as Pastor of the Wesleyan Holiness Church in Newcastle and is also part owner of Hamoron Services Ltd; a Real Estate Company and has served as its CEO for the past eleven years. He has served on various boards including serving as the Deputy Chairman of the Board of Directors for The Bank of Nevis Limited, Deputy Chair of the Nevis Solid Waste Management Agency, Member of the District Board of Administration for the Wesleyan Holiness Church and member of the board of Directors for Caribbean Credit Card Corporation (4C's). Mr. Daniel is a community enthusiast, has served in and led various charitable and faith based organizations aimed at mobilizing, impacting and coaching youth, the under-privileged and women.

JACQUELINE LAWRENCE | BSC. ACCOUNTING, CERTIFIED PUBLIC ACCOUNTANT (CPA), C. DIR

Mrs. Jacqueline Lawrence has served in the banking industry for over 20 years. She was employed by The Eastern Caribbean Central Bank from 1994 to 2014, where she held several positions including Deputy Director and Director. Presently, Mrs. Lawrence is the General Manager at Lawrence Associates Ltd and Chief Executive Officer and Principal at CaribTrust Ltd.

Mrs. Lawrence is a Certified Public Accountant. She holds a Bachelor of Science degree in Accounting from Eastern Connecticut State University, USA.

RAWLINSON ISAAC | MBA IN FINANCE, BA IN ACCOUNTING, DIP. FS, DTEP, ACC. DIR.

Rawlinson A. Isaac is a Financial Consultant and owner of a consulting practice for the past 12 years. Mr. Isaac holds a BA(Hons.) in Accounting, and MBA in Finance, a Post graduate Diploma in Financial Studies (Dip FS) and a Diploma in Trust and Estate Practice (DTEP). He is a Fellow of the following institutes: Chartered Institute of Bankers, Association of International Accountant, Chartered Management Institute, Institute of Financial Accountants and the Institute of Public Accountants, and the London Institute of Banking and Finance.

Mr. Isaac is an accredited Director of the ICSA (Canada) and has served on several Boards including Eastern Caribbean Securities Exchange (ECSE), Caribbean Credit Card Corporation (4Cs), Eastern Caribbean Home Mortgage Bank (ECHMB), West Indies Power (Nevis) Ltd.

He has a long and distinguished career in Banking and Finance spanning 35 years. He was the Manager of the Nevis Branch of the SKNA National Bank (1983-1990), General Manager of The Bank of Nevis Limited (1990-2006) and served on its Board for 22 years – 6 years as Chairman.

Mr. Isaac also served as the President of the Nevis Lions Club, Chairman of Culturama Committee and Chairman of the Offshore Development Task Force (Nevis).

SPENCER W. HANLEY | BSC; MASTERS - PUBLIC ADMINISTRATION

Mr. Spencer W. Hanley is a Businessman and Personal Financial Consultant. He holds an Associate Degree in Accounting, a Bachelor degree in Business Administration, and a Master Degree in Public Administration from Florida International University.

His work experience includes 19 years as an internal auditor for Liberty Mutual Insurance Co. of Boston and Miami Dade County; five (5) years as Loans Manager at the The Bank of Nevis Limited; two (2) years as Branch Manager of St. Kitts-Nevis-Anguilla National Bank; six (6) years as CEO/General Manager of Nevis Air and Sea Ports Authority; and six (6) years as a Director at Nevis Tourism Authority. He's the current President of St. Kitts and Nevis Red Cross Society and owner/operator of Lindbergh Landing, an eco-tourism product in Nevis consisting of B&B, self-catering cottages, bar, and restaurant.

VERNEL POWELL | MSC.

Mr. Vernel Powell is the Assistant Director of the Nevis Branch of the St. Christopher and Nevis Social Security Board and has served in this capacity since 1992.

Convenience...
ONLINE BANKING

Chairman's Remarks

"We have already started the hard work in developing and advancing a strategic plan to manage potential risks and to grow the assets of the institution."

The Bank of Nevis Limited (BON) was established in 1985 and is one of the success stories on the financial landscape in St. Kitts and Nevis having contributed significantly to the economic development of both islands through the catalysing of entrepreneurship, and the financing of residential mortgages and small and medium businesses. The bank has experienced phenomenal growth in assets over its life and has generated attractive returns on investment for its shareholders. With another successful year of operation, I am happy to report on the stewardship of Management and the Board, the challenges faced, and the plans for the future.

THE ECONOMY

It is now a self-evident truth that the economic viability of the Caribbean is tied to the fortunes of the global economy and the advanced economies in particular. Recognizing this fact, we have to continue to monitor closely the global economic situation in identifying risks and opportunities. Based on the July 2017 World Economic Outlook, a publication by the International Monetary Fund (IMF), global economic growth is picking up with a long-awaited cyclical recovery in investment, manufacturing and trade. World growth expanded by 3.1% in 2016 and is expected to rise to 3.5% in 2017 and 3.6% in 2018. The advanced economies which consist mainly of the United States, United Kingdom, the Euro area and Canada, are expected to experience acceleration in growth in 2017 of 2% and the emerging economies will continue to play a major role in global output with an expected growth rate of 4.6% in 2017.

While there are downside risks due to the policy uncertainty of some of the advanced countries, the projected positive upward trend augurs well for the economy of St. Kitts and Nevis which is expected to grow by 3% in the medium term. The IMF recently completed its 2017 Article 4 consultation for St. Kitts and Nevis and the projections are encouraging. St. Kitts and Nevis was singled out for its commitment to sound economic management, for exceeding the average growth rate in the Organization of Eastern Caribbean States (OECS), and for a debt to Gross Domestic Product (GDP) trajectory which is well ahead of the other OECS countries and is expected to meet the Eastern Caribbean Central Bank 's (ECCB) target of 60% by 2018. It was also reported that capital and liquidity levels are adequate and that the banking system is stable.

It is well established that the high growth rates achieved over the years have resulted from large inflows from the Citizenship By Investment (CBI) programme which has been the mainstay of the St. Kitts and Nevis economy. However, with the uncertainty and vicissitudes of the world today, both the local economy and the financial sector face internal and external risks from the expected decline of revenues from the CBI, a likely stronger US dollar, the correspondence banking challenges, high non-performing loans, and further delays in completing the sale of lands under the land for debt swap arrangement. It is noted that the projected growth rate of 3% factored in the likely decline in CBI flows and assumed that it will be offset by growth in tourism and investment in infrastructure. However, these are risks that we cannot ignore bearing in mind that poor management could erode the gains already achieved. In concluding, the IMF urged the Federation to pay close attention to the financial system, complete the land sales, improve compliance and Anti-money Laundering/ Countering Terrorist Financing (AML/CFT) standards, implement risk-based supervision, and focus on reducing correspondent banking risks.

CHALLENGES

As a financial institution, we are faced on a daily basis with many challenges and risks which have to be monitored and managed appropriately. The two most critical were the change in the 2015 Banking Act which required increasing the paid-up capital to EC$20 million, and the loss of correspondent banking relationships with United States banks. The failure to raise adequate capital could force The Bank of Nevis Limited into a takeover or merger situation, and the loss of correspondent banking could significantly impair our ability to conduct international transactions resulting in loss of competitiveness and income.

The Board established a goal of achieving the EC$20 million stipulated in the 2015 Bank Act. The approach agreed was to offer a rights issue to existing shareholders at a price of $1 per share and an Additional Public Offering (APO) at $2.50 per share to make up any short fall. With the hard work and diligence of the Board, management and staff, we were successful in raising EC$4,486,258 from the rights issue and EC$10,652,280 from the APO thus increasing the paid-up capital from EC$9,347,687 to EC$24,486,225 which is above the stipulated EC$20 million and provides a buffer of EC$4,486,225. The Rights Issue was completed in the 2017 financial year and the APO in the subsequent period.

During this financial year, we lost our two correspondent banks in the United States of America (US), Bank of America and Deutsche Bank as a result of the de-risking policy in which the US banks, now subjected to large penalties for financial crimes, are not willing to provide services to small banks that cannot meet high revenue targets. In the meantime, we have an arrangement with Lloyd's Bank in London and is awaiting a decision from Crown Agents which has already completed its due diligence on The Bank of Nevis Limited. We have also signed a non-disclosure agreement with a US institution to initiate the due diligence process. The need to find a reliable correspondent bank will continue to consume a large proportion of management's time but we are optimistic of a favourable outcome.

FINANCIAL RESULTS

The Bank of Nevis Limited has continued to increase profits despite the challenges. The consolidated position as at June 30, 2017 showed a significant profit of $7,048,823 representing an increase of 91.3% over the 2016 financial year. The Bank of Nevis Limited contributed $2.43 million and Bank of Nevis International Limited contributed $4.62 million making it the leading earner during this financial period. The increase in profits came from many areas including improved returns on investments, increase in net interest income and expansion of the lending portfolio. Loans and advances increased by $8.4 million representing an increase of 4.1%. Total assets declined by 4.46% from $605 million to $578 million as a result of a few large withdrawals but there was greater efficiency in the utilization of assets with the return on assets increasing from 0.62% in 2016 to 1.19% in 2017. The bank also remains very liquid despite the relatively small decline in assets. Return on average equity increased from 6.54% in 2016 to 11.07% in 2017 which shows that the bank has made improvements in how it uses investment funds to generate earnings growth. The earnings per share on continuing and discontinued operations increased from 30 cents in 2016 to 70 cents in 2017 thereby more than doubling profitability and the benefit of holding common shares in the institution.

The financial results and improvements are the result of hard work and consistent and focused decision making and actions. We devised realistic targets and expectations and challenged management and staff to go the extra mile. We organized promotional activities in the schools and the wider public resulting in the opening of deposit accounts, sale of credit cards and increasing the portfolio of consumer loans. We continued to find new ways to upgrade the standard of service to increase customer satisfaction. These initiatives continued to generate positive returns for our shareholders.

Despite the success that we have experienced, there is a particular area of weakness that we must continue to work aggressively to overcome. The non-performing loans (NPL) for the Group fell from 15.29% to 14.23% while that for BON fell from 13.65% to 12.9%. While there has been a downward trend in the NPL, we did not meet our target of 8% for the 2017 financial year end and we are still way above the internationally accepted limit of 5% which is the regulatory requirement. This is a very important issue for the bank as we prepare to introduce changes in accounting standards, IFRS 9 Financial Instruments – recognition and measurement, in the 2019 accounting period. This requires a rigorous review for evidence of impairment of financial assets. The impairment assessment will change from the incurred credit loss model to an expected credit loss model which incorporates both historical and forecasted financial and economic data. Under the standard, much larger provisions could be incurred for NPLs resulting in a reduction of net profits. It is therefore important that our customers meet their contractual obligations to the bank to maintain profitability and the returns on investment. We have in place a dedicated debt recovery unit and every avenue will be explored to ensure that borrowers honour their obligations in a timely manner.

BANK OF NEVIS INTERNATIONAL LIMITED (BONI)

Over the years, BONI has been an important driver of profits for the group with this accounting period being no exception. The assets grew from US$ 62.34 million to US$ 65.31 million representing an increase of 4.8%. Return on assets increased from 0.69% in 2016 to 2.3% in 2017 representing a significant improvement in the efficient management of assets to generate earnings. The return on equity increase from 9.87% in 2016 to 28.91% in 2017 is an outstanding performance by any measure.

As a result of changes in the capital requirement by both the Federal 2015 Banking Act and the Nevis International Banking Ordinance 2014 which requires significant capital injection to maintain the subsidiary, the shareholders of The Bank of Nevis Limited at its Annual General Meeting (AGM) in February 2016 decided to sell 100 percent or a major portion of the shares owned by The Bank of Nevis Limited in BONI. Subsequently, in September 2016 the Board entered in an agreement with Petrodel Investment Advisers (Nevis) Limited (PIAN) to sell 60% of the shares and to retain a minority position of 40%. The Nevis Financial Services (Regulation & Supervision) Department advised of the Minister of Finance approval of the sale in August 2017.

The Board will now have to decide the timing for the sale of the 40% shareholding if this becomes necessary. This is an extremely important decision because BONI is an important contributor to the profits of the group and thus the 100% sale could reduce profitability and the returns to shareholders in the future. On the other hand, the retaining of the 40% could be profitable for the shareholders especially if the international bank is able to grow its business, but could spill over reputational risks to the domestic bank. However, a complete sale gives us the opportunity to focus all our efforts on the domestic bank thus utilizing our creative energies in developing and implementing a sound strategic plan to grow the domestic bank by offering new products and services and increasing market share.

CORPORATE GOVERNANCE

This is an extremely important area of the bank as we work diligently to safeguard assets, improve decision making and performance, and create a viable and sustainable organization. We continued with our directors' training programme with the result that two directors and the Corporate Secretary successfully completed the chartered director programme which was organized by the Caribbean Governance Training Institute in May of this year.

The 2016 Annual General Meeting brought about some changes to the Board. Mrs. Janice Daniel-Hodge and Dr. Telbert Glasgow retired by rotation and did not offer themselves for re-election. Mr. Laurie Lawrence and Mr. Rawlinson Isaac were elected to fill the vacant positions. Mr. Lawrence is serving for the first time and Mr. Isaac has returned to the Board having served in the past as General Manager and Chairman and has a wealth of knowledge and experience in banking.

The 2017 financial year was challenging for the group resulting in the Board operating without the full complement of eight (8) members. In February 2016, the Board appointed Mr. Andrew Merchant to replace Mr. Richard Lupinacci Sr. who had ceased to be a director without completing his full term. Mr. Merchant's term expired having filled the unexpired vacancy of his predecessor Mr. Richard Lupinacci. On December 15, 2016, just before the AGM, the Chairman of BON, Mr. Kevin Huggins, was suspended by the ECCB pending investigation of an allegation. Based on the allegation, the ECCB conducted an investigation to determine Mr. Huggins' fitness to continue to serve as a director of BON. On July 17, 2017 the Bank was notified by the ECCB that in accordance with section 97(2) of the Banking Act, No 1 of 2015 of the Laws of St. Christopher and Nevis that Mr. Huggins does not satisfy the fit and proper criteria of the Banking Act. On notification by the ECCB that Mr. Huggins was deemed unfit and improper, the Board in accordance with the Banking Act 2015 took a decision to remove Mr. Huggins as a director effective August 1, 2017. Mr. Huggins has instituted court proceedings challenging the ECCB's findings. Despite the fact that we were short of two directors, the Board and management work extremely hard to propel the success of the bank and to protect the interest of shareholders. This is evidenced by the fact that the Bank has performed admirably for the 2017 financial period.

FUTURE PROSPECTS

There is no doubt that the banking industry is changing rapidly driven by innovation and efficiency improvements. The Bank of Nevis Limited is competing in a small market with international banks that are much bigger, have access to cheaper capital, and can derive greater benefits from economies of scale and scope. We also have in the market, small financial and non-bank institutions that have lower costs, less regulatory oversight and are more nimble and flexible than traditional banks. In addition, with the sale of BONI, we will have to be more innovative and creative in increasing the market share and profitability of BON.

We have already started the hard work in developing and advancing a strategic plan to manage potential risks and to grow the assets of the institution. We are putting in place robust risk management systems to improve cybersecurity, enhance compliance and AML/CFT standards and generally to effectively manage risk. This will be done through greater investments in formal and informal training, upgrading of procedures manual, and improving management controls and systems. We are also conscious of the need to maintain international best practices in an effort to establish lasting relationships with correspondent banking institutions in the developed countries.

To boost profitability our plan is to work towards the full computerization of the operation of the bank over the next three years. This will reduce manual work and ensure that staff spends more time on critical issues of strategic importance to the bank. We will also continue to improve customer service and the quality of our products to meet the needs of the consumers. In terms of increasing market share, we will have to increase our loan portfolio significantly over the next three years to ensure that we maintain competitive returns on capital. This will be done through a greater focus on selective targeting of high value customers as well as launching promotional programmes in both St. Kitts and Nevis. The St. Kitts market represents about one-third of our business and offers tremendous opportunities for growth.

CONCLUSION

The Bank of Nevis Limited is firmly entrenched in the Nevis community and continues to play a critical role in economic development through the funding of community projects and the mobilization of domestic savings into productive areas of the economy. We have encountered strong headwinds on the journey but have remained steadfast in our quest to advance the interest of our shareholders, depositors, the staff and the community as a whole. There will always be disagreements about approaches and methodologies but ultimately we will find common ground in recognizing that this indigenous institution has a duty to promote the best interest of its shareholders and an important role in catalysing economic activity and improving the quality of life of the people of both St. Kitts and Nevis.

I want to thank the shareholders for electing me to the board of this prestigious institution and my colleagues on the Board for the confidence reposed in elevating me to the position of Chairman. I must also commend the Board of Directors, management and staff for the hard work in achieving another successful year of operations. As we chart the course forward, building on the legacy of our founders, we ask for the continued support and confidence of all stakeholders knowing that in working together no obstacle is insurmountable and that we will be rewarded commensurate with our efforts and the willingness to risk our capital.

Laurie Lawrence
CHAIRMAN

Directors' Report

Dear Shareholders,

We are pleased to present to you our report on The Bank of Nevis Limited and its subsidiaries for the financial year ended June 30, 2017.

The focus for this year's annual report is **Convenience Banking...Delivering Solutions, Improving Lives.** The Bank of Nevis Limited is committed to using technology to provide accessibility and convenience for our customers. In an ever evolving fast paced business environment, customers expect faster and simpler banking. Accordingly, one of our strategic imperatives is to enhance our suite of convenience banking solutions to provide easier banking for our customers.

CORPORATE GOVERNANCE

The Bank of Nevis Limited is fully cognizant of and recognizes the importance of adhering to corporate governance best practices. The Board is cognisant that sound corporate governance policies and practices are important to the creation of shareholder value and the maintenance of depositor and investor confidence. As such, the Bank's corporate governance policies are designed to ensure the independence of the Board and its ability to effectively supervise management's operation of the Bank.

THE BOARD OF DIRECTORS

The Board comprises seven (7) elected directors, five (5) non-independent directors and two (2) independent directors, who govern the affairs of the Bank. The Board continuously monitors and updates, as necessary, the Bank's internal systems in order to ensure its standards reflect best international practices while tailored to the specific needs of the Bank. At all times, the Board seeks to exercise leadership, enterprise, integrity and good judgment in directing the Bank to achieve continued prosperity for its stakeholders.

The Board provides leadership to the Bank within a framework of prudent and effective controls that enable risk to be assessed and managed. It sets the Bank's strategic aims, ensuring that the necessary financial and human resources are in place for it to meet its objectives and review management performance. The Bank's values and standards are set to ensure that obligations to its shareholders and other stakeholders are met.

THE ROLE OF THE BOARD

The Board is responsible for:

- overseeing the Bank, including its control and accountability systems;
- appointing and removing members of senior management;
- approving policy;
- providing input, and final approval of management's development of corporate strategy and performance objectives;
- reviewing and ratifying systems of risk management and internal compliance and control, codes of conduct and legal compliance;
- monitoring senior management's performance, implementing strategy, and ensuring appropriate resources are available;
- approving and monitoring the progress of major capital expenditure, capital management and acquisitions and divestitures;
- approving and monitoring financial and other reporting; and
- approving credit facilities in excess of a defined amount.

The Board delegates the daily management of the Bank to the General Manager. The General Manager's responsibilities and authorities are documented and approved by the Board.

MEETINGS OF THE BOARD

Pursuant to the mandate to ensure that the interests of the various stakeholders are considered, the Board meets on a monthly basis. Directors are expected to attend Board meetings, meetings of committees on which they serve, and annual meetings of the shareholders. Information and data that are important to the Board's understanding of the business to be conducted at a Board or committee meeting are usually distributed to the Directors in advance of each meeting in order to allow time to review these materials. In addition to its monthly scheduled meetings, the Board meets at such other times as the situation warrants. Before the commencement of every meeting, members disclose their conflicts of interests in any matter on the agenda.

BOARD MEETING ATTENDANCE REPORT

Director	Number of Meetings	Percentage
H. Ron Daniel II	16 / 16	100%
Rawlinson Isaac *	10 / 10	100%
Laurie Lawrence *	10 / 10	100%
Spencer Hanley	14 / 16	88%

Vernel Powell	12 / 16	75%
Dr. Telbert Glasgow*	3 / 5	60%
Janice Daniel-Hodge*	5 / 5	100%
P. Andrew Merchant#	5/5	100%

Percentages are to the nearest whole number

**Directors Rawlinson Isaac and Laurie Lawrence joined the Board on 15th December 2016 having replaced former Directors Telbert Glasgow and Janice Daniel-Hodge who retired by rotation.*

+ Director Kevin Huggins was suspended from his position as a director by the Eastern Caribbean Central Bank on 15 December 2016. His suspension was still in effect at the end of the financial year.

#Director P. Andrew Merchant's term as a director expired having filled the term of his predecessor, Mr.. Richard Lupinacci.

COMMITTEES OF THE BOARD

The current standing committees of the Board are the Audit & Compliance Committee, Business and Product Development Committee, Credit Committee, Human Resource & Compensation Committee, Investment Committee and Risk Management Committee. Due to the impending sale of 60% interest in Bank of Nevis International Limited (BONI), the Board appointed a BONI Sale Transition Committee to ensure the smooth transition of the sale.

Each Committee reports directly to the Board. Subject to their availability, each director should serve on one or more Board committees. Committee members and chairpersons are appointed by the Board. Committee chairpersons and members are reappointed annually. The Chairman of the Board is an ex officio member of all Committees.

Each Committee has its own written charter which complies with all applicable laws and regulations. The charters set forth the mission and responsibilities of the committees as well as procedures for committee member appointment, committee structure and operations and reporting to the Board. Committee charters are reviewed annually.

The Board may from time to time, establish or maintain additional committees as necessary or appropriate.

AUDIT & COMPLIANCE COMMITTEE

The Audit & Compliance Committee is chaired by Jacqueline Lawrence. Other members include Laurie Lawrence, Rawlinson Isaac, H. Ron Daniel II and Hanzel Manners (Independent Member).

The Audit & Compliance Committee of the Board meets at least quarterly and has oversight of the following duties:

- the integrity of the Bank's financial reporting;
- the Bank's internal controls over financial reporting and disclosure controls;
- the performance of the Bank's internal audit function and the qualifications and independence of the Bank's Internal Auditor;
- the qualifications, independence and performance of the External Auditors;
- the Bank's compliance with legal and regulatory requirements; and
- such other duties as the Board may from time to time delegate to it.

CREDIT COMMITTEE

The Credit Committee is chaired by Spencer W. Hanley. Other members include Laurie Lawrence, H. Ron Daniel II, Jacqueline Lawrence and Rawlinson Isaac.

The Credit Committee meets monthly and at such other times as may be necessary. The Committee is responsible for overseeing the credit and lending strategies and objectives of the Bank, including oversight of the credit risk management of the Bank, reviewing internal credit policies and establishing portfolio limits, reviewing the quality and performance of the Bank's credit portfolio and such other duties as the Board may from time to time delegate to it.

BUSINESS AND PRODUCT DEVELOPMENT COMMITTEE

The Business and Product Development Committee is chaired by H. Ron Daniel II. Other members include Vernel Powell and Spencer Hanley.

The Business and Product Development Committee meets at least quarterly and at such other times as may be necessary. The Committee is responsible for reviewing and recommending to the Board for approval, the overall marketing policies and strategies of the Bank and establishing customer service and marketing guidelines in furtherance of those policies. The Committee monitors the management of the Bank's marketing plan for compliance with the customer service charter and marketing policies and guidelines and for meeting performance objectives over time.

HUMAN RESOURCE & COMPENSATION COMMITTEE

The Human Resource & Compensation Committee is chaired by Laurie Lawrence. Other members include Rawlinson Isaac, H. Ron Daniel II and Vernel Powell. The Committee meets at least quarterly and at such other times as may be necessary.

The mandate of the Human Resources & Compensation Committee is to assist the Board in fulfilling its oversight responsibilities by reviewing the management of human resources within the Bank, and to provide recommendations and advice to the Board on the Bank's human resources management strategies, initiatives, and policies.

INVESTMENT COMMITTEE

The Investment Committee is chaired by Rawlinson Isaac, with other members being Laurie Lawrence, Jacqueline Lawrence and Spencer Hanley. The Investment Committee meets monthly and at such other times as may be necessary.

The Investment Committee is responsible for reviewing and recommending to the Board for approval the overall investment policies of the Bank and establishing investment guidelines in furtherance of those policies. The Committee monitors the management of the portfolio for compliance with the investment policies and guidelines and for meeting performance objectives over time.

RISK MANAGEMENT COMMITTEE

The Risk Management Committee is chaired by Vernel Powell, with other members being Rawlinson Isaac, Spencer Hanley and Jacqueline Lawrence. The Risk Management Committee meets at least quarterly and at such other times as may be necessary. The following are the duties and responsibilities of the Risk Management Committee:

- recommending the risk profile and risk appetite of the Bank, for approval by the Board;
- receiving and reviewing reports from management concerning the Bank's risk management strategies;
- recommending and overseeing the process developed by management to identify principal risks, evaluating their potential impact, and implementing appropriate strategies to manage those risks;
- recommending principles, strategies, policies and processes for managing risk;
- receiving and reviewing reports from management regarding resolution of significant risk exposures and risk events;
- reviewing and monitoring the risk implications of new and emerging risks, organizational change, regulatory change and major initiatives;
- providing a formal forum for communication between the Board and senior management; and
- such other duties as the Board may from time to time delegate to it.

BONI SALE TRANSITION COMMITTEE

This Committee is chaired by Laurie Lawrence (Chairman), with the other members being Rawlinson Isaac and Vernel Powell. The Bank of Nevis Limited entered into a Purchase and Sale Agreement with an interested party on 30th September 2016 for the sale of 60% shares in BONI. The Committee is currently overseeing the completion of the sale.

DIVIDENDS

Your directors recognize the importance of dividends in building and maintaining investor and shareholder confidence. Notwithstanding, your directors are aware that dividend payments reduce the level of profits retained in the company and ultimately impact the level of capital. The maintenance of adequate capital is imperative in ensuring that the strategic objectives of the institution is achieved while complying with the capital adequacy requirements as outlined in the 2015 Banking Act.

The Bank of Nevis Limited's capital adequacy policy stipulates that the Board of Directors is responsible for declaring a dividend payment at its discretion to the shareholders. Dividends will only be paid from realized earnings of the Bank. Dividends payments must not exceed a maximum of 40% of The Bank of Nevis Limited's ordinary realized profits. Where the payout is less than 40% in any one year, the Board of Directors may increase future distributions proportionately. Additionally, the Board may at its discretion payout the full amount of any and all realized gains resulting from extraordinary transactions. No dividends shall be paid other than out of profits. Dividends cannot be paid from any capital or revaluation reserves.

The Board of Directors subsequent to June 30, 2017 has declared a cash dividend of 15 cents per share for the year ended June 30, 2017 as a reward to our dedicated investors. This dividend rate represents a total payment of EC$2,714,228 (issued shares of 18,094,857) or a payout ratio of 54.2%.

CORPORATE SOCIAL RESPONSIBILITY

During the 2017 financial year, The Bank of Nevis Limited remained committed to its mandate as a corporate social partner. Accordingly, the Bank contributed to several initiatives in the area of education, sports, health, culture and other social endeavours.

EDUCATION

The Bank continued its sponsorship of the Tourism Youth Congress in conjunction with the local Ministry of Tourism for the six consecutive year. The Bank views this sponsorship as critical to the development of the tourism industry as it provides an opportunity for the youth to contribute to the vision of the sector. The Bank congratulates the winner and pledges its continued support to this endeavour.

BON Marketing Officer and Ministry of Tourism Officials with participants of the Tourism Youth Congress

The Bank continued to provide educational assistance through The Bank of Nevis Limited Dr. Simeon Daniel Scholarship. Three students, two from Charlestown Secondary School and the other from the Gingerland Secondary School were awarded The Bank of Nevis Limited Dr. Simeon Daniel Scholarship for 2016. Additionally, the Bank awarded Academic Excellence Awards to the top students in CAPE and CSEC examinations.

BON General Manager and Marketing Officer with the top CAPE and CSEC students

The Bank also provided assistance to the Nevis Sixth Form College to facilitate participation in the 2017 Leeward Island Debating Competition and the primary schools for awarding of prizes during their graduation ceremonies.

BON General Manager and Marketing Officer with members of the Nevis Sixth Form College Literary and Debating Society

SPORTS

The Bank of Nevis Limited recognizes the importance of Sports in the development of our Nation's youth. During the 2016 financial year the Bank contributed to the Annual Emmanuel Richards Summer Football Programme. This programme is conducted every year for children under the age of 12 years.

BON Marketing Officer with the coaches and participants in the Emmanuel Richards Summer Football Programme

HEALTH

The Bank continued to provide support to charitable organizations geared towards the health of our people. In particular, the Bank provided support to The Nevis Renal Society. Additionally, the bank supported several other health initiatives throughout the year.

Participants in the Nevis Renal Society Charity Walk

CULTURE

In the area of culture, The Bank of Nevis Limited contributed to the cultural festival, Culturama by sponsoring representatives of the Mr. and Miss. Talented Youth Pageant. Also, the Bank supported the Shekinah Dance Theatre Annual Production and the Christmas festival Miracle on Main Street.

Representatives of the Charlestown Primary School participating in the Mr and Miss Talented Youth Pageant sponsored by The Bank of Nevis Limited

ACKNOWLEDGEMENTS

We extend our gratitude to all staff members for their continued commitment and dedication to the institution. We express our appreciation to those staff members who have decided to pursue other endeavours and have contributed significantly to The Bank of Nevis Limited. Finally, we thank our customers, shareholders, directors and other stakeholders for your continued support of this institution which remains a bastion of financial integrity and stability within the Federation of St. Kitts and Nevis.

Management Discussion and Analysis on the Group's Financial Performance

The ensuing discussion and analysis is provided to enable stakeholders to obtain a clearer understanding of the consolidated financial position and results of operations of The Bank of Nevis Limited and its subsidiaries (the 'Group') in respect of the financial year ended June 30, 2017 (as compared to the previous financial year ended June 30, 2016). This discussion and analysis should be read in conjunction with the Group's audited Financial Statements and related Notes for the financial year ended June 30, 2017. The discussion and analysis reflects the financial position and results of the Group which comprises The Bank of Nevis Limited and its subsidiaries including Bank of Nevis International Limited. Unless otherwise stated, all amounts are expressed in Eastern Caribbean Dollars.

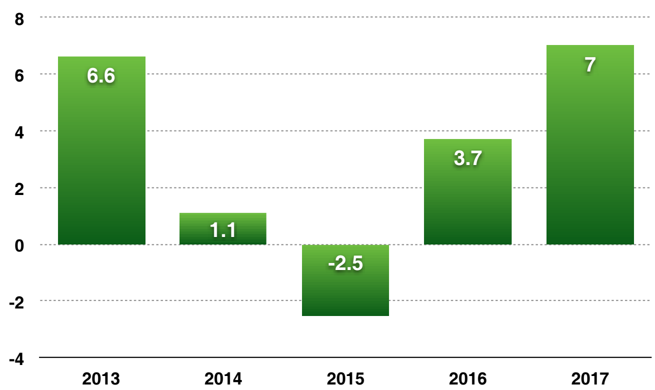
OVERVIEW

Despite another challenging year, The Bank of Nevis Limited Group recorded an outstanding performance. The Group's performance was mainly underpinned by improvement in investments and treasury operations supported by expansion in lending and continued improvement in credit quality.

RESULTS OF OPERATIONS

The Group recorded a net profit after tax of EC$7.0 million in 2017, an increase of $3.4 million or 91.3% over the previous financial year after tax profit of $3.7 million.

Group Net Income: 2013 - 2017
(EC$ Million)



The Group benefited from a significantly improved performance by Bank of Nevis International (BONI) Limited which contributed $4.6 million to the Group's overall profitability compared to $1.5 million in 2016. This improved performance represented a growth of $3.1 million or 201.3%. BONI's Board decision to establish a discretionary investment management arrangement with the United States investment firm, Raymond James and Associates, continued to yield improved returns on the investment portfolio. Additionally, Management adopted a more active investment strategy to the internally managed investment portfolio.

The domestic bank, The Bank of Nevis Limited, contributed net profit of $2.4 million; an increase of $0.3 million or 12.9% over the $2.1 million in 2016. The improved profit was mainly supported by improvement in investments and funds held with other financial institutions.

OPERATING INCOME

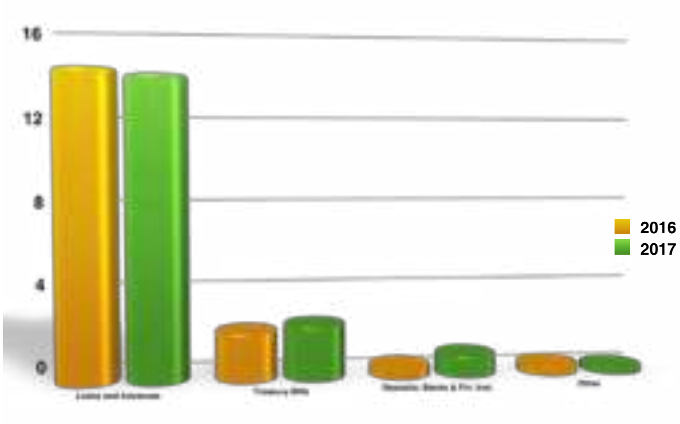
Total operating income amounted to $14.0 million representing an increase of $1.8 million or 14.9% over the 2016 financial year. Net interest income remained the largest contributor to the operating income, accounting for 78.2%, a marginal uptick from the 77.2% in the previous financial year. Other operating income, which primarily comprised fees and commissions, net foreign exchange gains, dividend income on available-for-sale investments and net card services commissions and fees accounted for 21.8%, slightly less than the 22.8% in the previous year.

Net interest income amounted to $10.9 million for the 2017 financial year, an increase of $1.5 million or 16.4%. This improved performance was associated with a more active investment portfolio management strategy and a decrease in funding costs. Over the financial year, Management continued to focus on maximizing yields from investments and continued the interest rate reduction programme on fixed deposits. Additionally, Management continued to increase earning assets while at the same time seeking to reduce the non-performing loan portfolio.

INTEREST INCOME

Interest income expanded by $0.3 million or 1.9% to $17.5 million compared to the previous year. This expansion was primarily associated with increases in income from deposits held with banks and other financial institutions and Treasury Bills which grew by $0.5 million or 90.5% and $0.3 million or 11.5% respectively. Although the net loan and advances portfolio increased by $8.4 million or 4.1%, the income from this asset category declined by $0.3 million or 2.0%. This was associated with the Bank's decision to reduce interest rates on loans to be more competitive in a declining loan interest rate environment. The graph below reflects the sources of interest income.

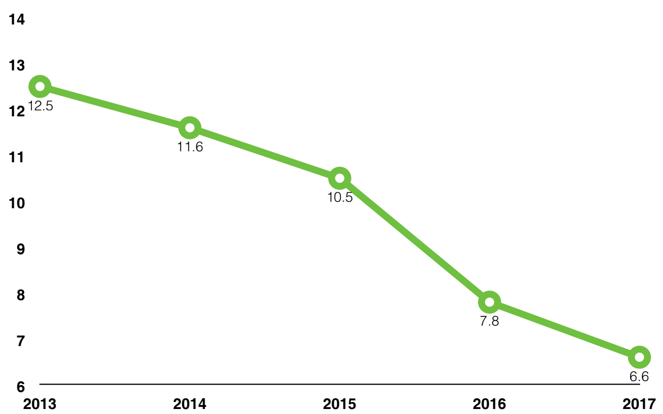
Group Sources of Interest Income - 2016 vs. 2017
(EC$ Million)



INTEREST EXPENSE

The Group's interest expense continued to decline during the 2017 financial year as the strategy of gradually decreasing high priced fixed deposits was maintained (see graph below). During the 2017 financial year, interest expense reduced by $1.2 million or 15.4% over the previous year to $6.6 million. This was reflected in the decreased interest expense on fixed deposits which declined by $1.2 million or 21.9% to $4.3 million. Interest expense on savings deposits and demand deposits remained relatively flat.

Interest Expense: 2013-2017
(EC$ Million)



OTHER OPERATING INCOME

The Group's other operating income continued to increase during the 2017 financial year. However, unlike the previous year, when the increase was primarily due to increases in net foreign exchange gains, this increase was associated with a growth in fees and commissions. Total other operating income grew by $0.3 million or 9.8% over the previous year to $3.0 million. This was evidenced mainly by the expansion in fees and commission which increased by $0.3 million or 18.8% as the loan and advances portfolio continued to expand. Net foreign exchange gains amounted to $1.0 million, representing a growth of $0.09 million or 10.0% as there were no significant movements in the pound sterling and euro.

OPERATING EXPENSES

Operating expenses increased marginally by $1.7 million or 21.0% to $9.9 million. The major expense item in operating expenses remained general and administrative expenses which grew by $1.3 million or 19.34%. Associated with this growth in general and administrative expenses was an increase of $1.0 million or 22.3% in salaries and related costs. Salaries and wages grew by $0.6 million or 17.0% to $3.9 million while other staff related costs increased by $0.3 million or 36.1% to $1.1 million. These increases were the result of the full effect of the replacement of several senior level management staff who left the Group during the financial year. With the departure of a number of senior level management staff, the Group incurred additional costs to attract specialised staff members who continue to acquit themselves outstandingly in their area of expertise. Additionally, new positions were created in the Accounting and Investment Department and the Risk and Compliance Department to mitigate some of the risks that are expected to impact the Group particularly with the advancement of IFRS 9 and new regulatory and compliance requirements. Further, with the establishment of the Bank of Nevis International Trusts Services Limited, a senior management resource had to be recruited.

Equally important was the Group's investment in capacity building of staff aligned to the succession plan as well as investing in the improvement in the skills set of our team. The Group continues to invest in the career development of staff which is a critical component of enhancing shareholder value. Our staff members were provided with internship opportunities at regional banks and received support for certification in credit underwriting and compliance.

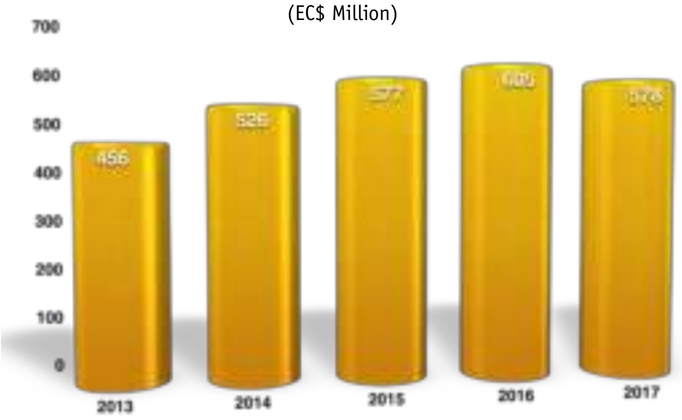
Correspondent bank charges remained stable as the Group continues to utilise the services of a Bank in the United Kingdom (UK) to process United States (US) dollar transactions following the closure of the Group's two correspondent bank accounts in the United States. Management continues to work assiduously to find a replacement correspondent bank in the US.

FINANCIAL POSITION

TOTAL ASSETS

The Group's assets at the end of the 2017 financial year amounted to $578 million; a reduction of $27.0 million or 4.5% over the previous year. The graph below shows the movement in the Group's assets over the last five years.

Group Total Assets: 2013 - 2017
(EC$ Million)



The Group's asset reduction was primarily reflected in the decline in cash and balances due from banks and other financial institutions by $32.6 million or 24.5% over the previous year to $100.6 million. These funds were mainly drawn down to service withdrawals in the reduction of customers' deposits and increase loan expansion. The reduction in cash and balances due from banks and other financial institutions also impacted investment securities which declined by $8.7 million or 11.4% to $67.4 million.

Bank of Nevis International Limited assets totaled $167.2 million as at June 30, 2017; a marginal growth of $5.3 million or 3.3% over the previous financial year. This growth was primarily underpinned by an increase in the investment securities as BONI's discretionary relationship with a US investment firm to manage its investment portfolio continued to result in improved returns.

CASH, BANK BALANCES AND INVESTMENT SECURITIES

At June 30, 2017, cash and balances due from banks and other financial institutions totaled $100.6 million, representing a decrease of $32.6 million or 24.5%. This amount represented 17.4% of the Group's total asset base. The reduction in cash and bank balances with other financial institutions was largely influenced by a decline in the receipts from the Citizenship by Investment (CBI) Programme. This was primarily reflected in the Bank's correspondent accounts (cash and current accounts with other banks) which decreased by $46.5 million or 64.6%.

The reserve deposits maintained with the Eastern Caribbean Central Bank (ECCB) at the end of the financial year amounted to $33.6 million; an increase of $4.1 million or 13.8%. Commercial banks operating in the Eastern Caribbean Currency Union (ECCU) are mandated to hold 6% of their deposits with the ECCB. At June 30, 2017,the reserves held at the ECCB represented 9.8% of deposits. Excess funds held at the ECCB were temporary as the Investment team researched potential investments.

The investment portfolio totaled $67.4 million, representing a decline of $8.7 million or 11.4%. The main categories contributing to this decline were fixed income securities and treasury bills included in cash and cash equivalent which decreased by $6.9 or 33.9% and $4.1 million or 13.3% respectively. At the end of the 2017 financial year, BONI's investment portfolio amounted to US$35.2 million; an increase of US$5.8 million or 19.6%. This growth was reflective of BONI's operational model to primarily invest funds raised from deposits.

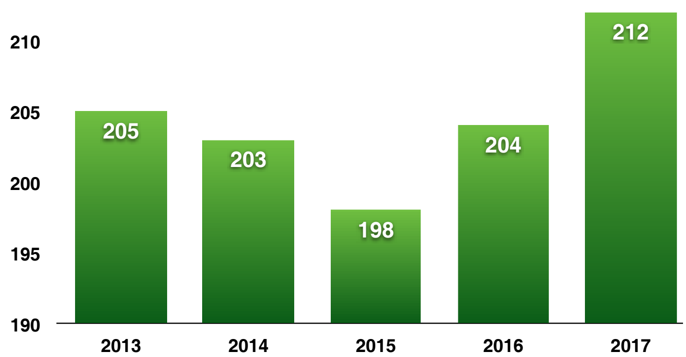
LOANS AND ADVANCES

The Bank of Nevis Limited Group continued to expand lending through continuous loan campaigns. At the end of the financial year, total loans and advances amounted to $212.1 million, resulting in an increase of $8.3 million or 4.1%. The increase in the loan portfolio was mainly attributable to retail consumers, particularly mortgage consumers, as promotion of loans for residential mortgages continued to secure additional lending.

The non-performing loan (NPL) portfolio declined by $0.5 million or 1.6% to $27.4 million. The reduction in the NPL portfolio was mainly associated with the restructuring of loans as well as the sale of properties as Management continued to implement initiatives in its Strategic Plan for the Reduction of the NPL Portfolio. At the end of the 2017 financial year, the NPL ratio (NPL loans to total loans) stood at 12.9% an improvement from the 13.7% recorded in the previous year as the ratio continued to trend downward. Our recoveries unit's proactive monitoring of the portfolio as well as our continued risk based assessments will ensure that we continue to improve the credit quality of the loan portfolio.

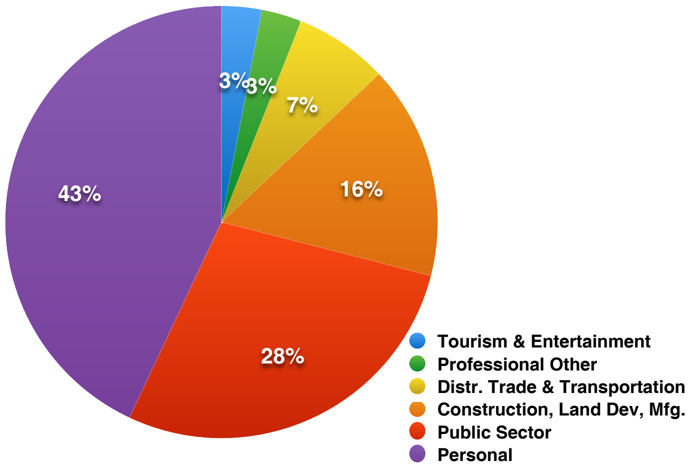
The graph below shows the trend in the Group's loan portfolio over the last five years.

Group Loans and Advances 2013 - 2017
(EC$ Million)



The allocations within the loans and advances portfolio remained relatively unchanged (see graph below).

Loans and Advances Portfolio Allocation: 2017



The Household (Personal) sector maintained the lead position with 43% of the total portfolio as loan requests for residential mortgages and consumer goods remained high. The public sector with 28% of the loans portfolio was second and was below the institution's benchmark of 30% of the total loan portfolio of lending to the public sector.

CUSTOMERS' DEPOSITS

Customers' deposits recorded a significant decline during the 2017 financial year and at June 30, 2017 amounted to $341.7million; a reduction of $43.0 million or 11.2%. The reduction in customers' deposits was reflected in the contraction of funds from the Citizenship by Investment programme which underpinned much of the deposit grown over the last five years.

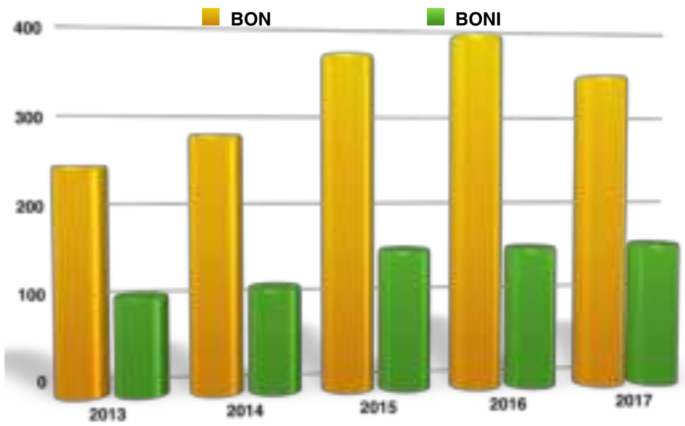
Although Management continued to reduce interest rates on fixed (time) deposits, this category of deposits expanded significantly by $33.6 million or 25.6% and totaled $164.6 million. Meanwhile, savings deposits and current accounts declined by $8.3 million or 6.4% and 68.3 million or 55.5% respectively. The decline in the current accounts was associated with the continued reduction in funds flowing into the system from the CBI Mortgage propramme.

In the international bank (BONI) customers' deposit totaled US$58.5 million at June 30, 2017 million; a marginal growth of US$1.0 million or 1.9%. The growth in the customers' deposit base was associated with increases in fixed deposits and savings accounts.

The following graph illustrates the trend in customers' deposits growth in BON and BONI.

Group Customers' Deposits: 2013 - 2017

(EC$ Million)



CAPITAL

At June 30, 2017, the Group's total shareholders' equity was $69.4 million; an increase of $11.4 million or 19.7%. This growth was mainly due to an increase of $4.5 million or 47.8% in share capital which represented the funds raised from The Bank of Nevis Limited's Rights Issue. The increase in shareholders' equity was also influenced by increases of $2.3 million or 21.1% in statutory reserves and $3.1 million or 14.5% in retained earnings.

With the 2015 Banking Act becoming effective in May 2016 in St. Kitts and Nevis, the shareholders of BON, the Parent Bank, approved a rights issue and an additional public offering to ensure compliance with the new minimum capital requirement of $20.0 million. At the end of the Rights Issue in May 2017, share capital grew by $4.5 million to $13.8 million requiring an additional amount of $6.2 million. Management anticipates that the required amount to achieve the minimum capital requirement will be achieved during the Additional Public Offering.

Meanwhile, the Bank of Nevis International Limited is compliant with the 2014 Nevis International Banking Ordinance (the 'Ordinance') with share capital of $2.3 million.

Independent Auditors' Report

To the Shareholders of The Bank of Nevis Limited

Opinion

We have audited the consolidated financial statements of the Bank of Nevis Limited and its subsidiaries (the "Bank"), which comprise the consolidated statement of financial position as at June 30, 2017, consolidated statement of income, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Bank as at June 30, 2017, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	Summary of the key audit matter	Our audit response
Provision for impairment on loans and advances	At June 30, 2017, the gross value of loans and advances was $217,226,782 against which the Bank recognized a $5,076,179 provision for impairment (refer to note 9 of the consolidated financial statements). The provision for impairment is considered a matter of key significance as it requires the application of judgment and use of subjective assumptions by management. The Bank assesses the provision for impairment both individually and collectively, in accordance with the accounting policy set out in note 3 to the consolidated financial statements. We have focused on the following critical judgments and estimates which could give rise to material misstatements or are potentially subject to management bias:	We tested the design and implementation of the key controls around the Bank's process to determine which loans and advances are impaired and determine the extent to which impairments should be recognised considering the potential for management override of controls. These key controls include: • Manual and automated monitoring of loans with higher risk of default • Assessment and approval of material impairment provisions including valuation of collateral. • Governance over the impairment process, including assessment of suitability of models and assumptions. • Model validation and calculation accuracy.

Deloitte.

Independent Auditors' Report (Continued)

To the Shareholders of The Bank of Nevis Limited

Key audit matter	Summary of the key audit matter	Our audit response
	• Completeness and timing of recognition of loss events in accordance with the criteria set out in IAS 39. • For individually assessed provisions, the measurement of the provision is dependent on the valuation of collateral, the timing of cash flows and realisations. • For modelled (general) provisions, the measurement is dependent upon key assumptions relating to probability of default and recovery rates.	For modelled provisions, we tested on a sample basis the data used in the Bank's models, assessed the model methodology and also tested the calculations within the models. We assessed whether the modelling assumptions considered all relevant risks and were reasonable in light of historical experience, the economic climate, current operational processes and the circumstances of the customers. We also tested the accuracy and completeness of the source data used in the model calculations. For individually assessed provisions, we assessed the measurement of the provision by testing the valuation of collateral where applicable and also assessed the reasonableness of the timing of the cash flows estimated. For timing assumptions we considered to be more subjective, we performed a sensitivity analysis based on our internally developed ranges. We assessed the appropriateness and presentation of disclosures with relevant accounting standards.

Other information

Management and those charged with governance are responsible for the other information. The other information comprises the information presented in the Bank of Nevis Limited Annual Report (Annual Report) (but does not include the consolidated financial statements and summary non-consolidated financial statements and our auditors' reports thereon), which we obtained prior to the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed, on the other information that we obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

Deloitte.

Independent Auditors' Report (Continued)

To the Shareholders of The Bank of Nevis Limited

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Bank to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditors' report is Steve Clarke.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

1 Incorporation and principal activities

The Bank of Nevis Limited ("BON") is a public company incorporated on August 29, 1985 under the laws of the Federation of St. Christopher and Nevis. BON is subject to the provisions of the Banking Act No. 1 of 2015 of St. Christopher and Nevis and its principal activity is the provision of financial services. Its registered office is Main Street, Charlestown, Nevis.

In July 1998, BON's offshore activities and operations were transferred into a newly formed subsidiary company, Bank of Nevis International Limited which is licensed to carry on the business of International Banking as contemplated by the Nevis International Banking Ordinance of 2014.

On July 29, 2004 the Bank of Nevis International Fund Limited was incorporated. The Fund is an open-ended public mutual fund approved to be registered under the Nevis International Mutual Fund Ordinance, 2004. It commenced operations on February 9, 2005. The Fund ceased operations on January 31, 2008.

On July 29, 2004, the Bank of Nevis International Fund Managers Limited was incorporated in Nevis in accordance with the Nevis Business Corporation Ordinance, 1984 as amended and is a licensed and regulated investment manager under the Nevis International Mutual Fund Ordinance, 2004. The company is the investment manager for its related Fund – Bank of Nevis International Fund Limited, and manages the investment activities of the Fund.

On February 3, 2005, the Bank of Nevis Mutual Fund Limited was incorporated. The Fund is an open-ended public investment fund approved to be registered under the Securities Act 2001 of St. Christopher and Nevis. The Fund has not yet commenced its mutual fund activities.

On April 25, 2005, the Bank of Nevis Fund Managers Limited was incorporated under the laws of the Federation of St. Christopher and Nevis, through the Companies Ordinance 1999 of St. Christopher and Nevis. The company will be engaged to provide investment management service to its related Fund, Bank of Nevis Mutual Fund Limited, when the Fund commences its mutual fund activities.

On April 15, 2013 Bank of Nevis International Trust Services Inc. ("BONITS") was incorporated in accordance with the Companies Ordinance, Nevis, 1999 and licensed by the Minister of Finance pursuant to the Nevis Limited Liability Company Ordinance to be a registered agent. The company is engaged in trust services, registered agent and corporate services activities and is an authorised person to act as an agent for citizenship by investment applications. BON's shares are listed on the Eastern Caribbean Securities Exchange (ECSE).

2 Adoption and amendments of published accounting standards and interpretations

Standards, amendments and interpretations effective on or after July 01, 2016

Several new and revised accounting standards came into effect during the current period. The adoption of these new and revised accounting standards did not have a material impact on these consolidated financial statements:

- IFRS 7 – Financial Instruments: Disclosures – Amendments: Annual improvements (effective January 01, 2016)
- IFRS 10 – Consolidated Financial Statements – Amendments: Application of the Consolidation Exception (effective January 01, 2016)
- IFRS 12 – Disclosure of Interests in Other Entities – Amendments: Application of Consolidation Exception (effective January 01, 2016)
- IAS 1 – Presentation of Financial Statements – Amendments resulting from the disclosure initiative (effective January 01, 2016)
- IAS 16- Property, Plant, and Equipment – Amendments: Clarification of Acceptable Methods of Depreciation and Amortisation (effective January 01, 2016)

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

2 Adoption and amendments of published accounting standards and interpretations (continued)

Standards, amendments and interpretations effective on or after July 01, 2016

- IAS 27 – Separate Financial Statements – Amendments reinstating the equity method as an accounting option for investments in subsidiaries, joint ventures, and associates in an entity's separate financial statements (effective January 01, 2016)
- IAS 38 – Intangible Assets – Amendments: Clarification of Acceptable Methods of Depreciation and Amortisation (effective January 01, 2016)

Standards and interpretations issued but not yet effective

The following new and revised accounting standards which are relevant to the Bank have been issued, but are not yet effective. With the exception of IFRS 9, as highlighted below, these standards are not expected to have a material impact on the Bank's financial statements.

- IFRS 9 – Financial Instruments Classification and Measurement, Impairment, General Hedge Accounting, and Derecognition (effective January 01, 2018). The standard is expected to have a significant impact on the Bank's financial statements. The standard includes revised guidance for the classification and measurement of financial assets and financial liabilities, whereby all recognised financial instruments currently within the scope of IAS 39 will be subsequently measured at either amortised cost or fair value. Also, the impairment model under IFRS 9 reflects ***expected*** credit losses, as opposed to ***incurred*** credit losses currently applied under IAS 39. Under IFRS 9, it will no longer be necessary for a credit event to have occurred before credit losses are recognised, as the Bank will be required to account for expected credit losses and changes in those expected losses at each reporting date.
- IFRS 15 – Revenue from contracts with customers (effective January 01, 2018)
- IFRS 16 - Leases (effective January 01, 2019)

3 Significant accounting policies

3.1 Statement of compliance

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards

3.2 Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for certain properties and financial instruments that are measured at revalued amounts or fair values. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

The financial statements of the subsidiaries used to prepare the consolidated financial statements were prepared as of the parent company's reporting date. The consolidation principles are unchanged from the previous year.

Subsidiaries

The consolidated financial statements of the Bank of Nevis Limited comprise the financial statements of the parent entity and all subsidiaries (the "Bank") as of June 30, 2017.

Subsidiaries are companies in which the Bank directly or indirectly holds the majority of the voting rights and where it determines their financial and business policies and is able to exercise control over them in order to benefit from their activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Bank controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Bank. They are de-consolidated from the date on which control ceases.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

3 Significant accounting policies (continued)

3.2 Basis of preparation (continued)

Inter-company transactions, balances and intragroup gains on transactions between group companies are eliminated. Intragroup losses are also eliminated unless the transaction provides evidence of impairment of the asset transferred.

The integration of the subsidiaries into the consolidated financial statements is based on consistent accounting and valuation methods for similar transactions and other occurrences under similar circumstances.

The principal accounting policies applied in the preparation of these financial statements are set out below.

3.3 Foreign currency translation

Functional and presentation currency
Items included in the consolidated financial statements are measured using the currency of the primary economic environment in which the Bank operates (the "functional currency"). The consolidated financial statements are presented in Eastern Caribbean dollars, which is the Bank's functional and presentation currency.

Transactions and balances
Monetary assets and liabilities denominated in foreign currencies are translated into Eastern Caribbean dollars at the closing rates of exchange prevailing at the reporting date. Foreign currency transactions are translated at the rates prevailing on the transaction dates. Foreign exchange gains or losses arising from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of income.

3.4 Financial assets

The Bank classifies its financial assets into the following specified categories: 'loans and receivables' and 'available-for-sale'. Management determines the classification of its financial instruments at initial recognition.

(a) *Loans and receivables*
Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables including cash and balances due from banks and other financial institutions, loans and advances, investment securities and other receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any impairment.

Interest income on loans and receivables is recognised by applying the effective interest rate, and is included in the consolidated statement of income.

(b) Available-for-sale financial assets
Available-for-sale instruments are non-derivative financial assets that are intended to be held for an indefinite period of time, which may be sold in response to needs for liquidity or changes in interest rates, exchange rates or equity prices, or that are not classified as loans and receivables.

Available-for-sale financial assets are initially recognised at fair value, which is the cash consideration including any transaction costs, and measured subsequently at fair value. Changes in the carrying amount of available-for-sale financial assets relating to changes in foreign currency rates are recognised in profit or loss. Other changes in the carrying amount of available-for-sale financial assets are recognised in other comprehensive income and accumulated under the heading of 'revaluation reserves'. Where the financial asset is disposed of or determined to be impaired, the cumulative gain or loss previously accumulated in the revaluation reserve is reclassified to profit or loss.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

3 Significant accounting policies (continued)

3.4 Financial assets (continued)

Available-for-sale financial assets that do not have a quoted market price, and whose fair value cannot be reliably measured, are measured at cost less any impairment losses at the end of each reporting period.

Dividends on available-for-sale financial assets are recorded in the consolidated statement of income when the Bank's right to receive the dividends is established. Interest income on available-for-sale financial assets is calculated using the effective interest method, and recognised in the consolidated statement of income.

3.4.1 Impairment of financial assets

At the end of each reporting period, the Bank's financial assets are assessed for indicators of impairment. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial assets, the estimated future cash flows of the investment have been affected.

(a) Assets classified as available-for-sale
For available-for-sale equity investments, a significant or prolonged decline in the fair value of the security below its cost is considered to be objective evidence of impairment.

For all other financial assets, objective evidence of impairment could include:

1. significant financial difficulty of the issuer or counterparty; or
2. breach of contract, such as a default or delinquency in interest or principal payments; or
3. the Bank granting to the issuer or counterparty, for economic or legal reasons related to the issuer's/counterparty's financial difficulty, a concession that the Bank would not otherwise consider
4. it becoming probable that the borrower will enter bankruptcy or financial re-organisation;
5. the disappearance of an active market for that financial asset because of financial difficulties; or
6. Observable data indicating that there is a measurable decrease in the estimated future cash flows from a group of financial assets since the initial recognition of those assets, although the decrease cannot yet be identified with the individual financial assets in the group including:
   i. Adverse changes in the payment status of borrowers in the group
   ii. National or local economic conditions that correlate with defaults on the assets in the group

When an available-for-sale financial asset is considered to be impaired, cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss in the period.

In respect of available-for-sale equity securities, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss is recognised in other comprehensive income and accumulated under the heading of "revaluation reserves".

In respect of available-for-sale debt securities, impairment losses are subsequently reversed through profit or loss if an increase in the fair value of the investment can be objectively related to an event occurring after the recognition of the impairment loss.

3 Significant accounting policies (continued)

3.4 Financial assets (continued)

3.4.1 Impairment of financial assets *(continued)*

(b) *Assets carried at amortised cost*
Loans and receivables are assessed on both individual and collective bases. Objective evidence of impairment of a portfolio of loans and receivable could include the Bank's past experience of payment within the portfolio, as well as observable changes in national or local economic conditions that correlate with defaults on loans and receivables.

If there is objective evidence that an impairment loss on as asset carried at amortised cost exists, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced through the use of a 'provision for loan loss' account and the amount of the loss is recognised in the consolidated statement of income. If an asset carried at amortised cost has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the Bank may measure impairment on the basis of an instrument's fair value using an observable market price. Statutory and other regulatory loan loss reserve requirements that exceed these amounts are recognised in other reserves as an appropriation of retained earnings.

The calculation of the present value of the estimated future cash flows of a collateralised financial asset reflects the cash flows that may result from foreclosure less costs for obtaining and selling the collateral, whether or not foreclosure is probable.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the previously recognised impairment loss is reversed by adjusting the allowance account. The amount of the reversal is recognised in the consolidated statement of income.

When a loan is uncollectible, it is written off against the related provision for loan losses. Such loans are written off after all of the available options have been exhausted, the necessary procedures have been completed and the amount of the loss has been determined. If in a subsequent period, amounts previously written off are recovered, the amounts collected are recognised in profit or loss through the 'bad debts recovered' account.

(c) *Renegotiated Loans*
Loans that are either subject to collective impairment assessment or individually significant and whose terms have been renegotiated are no longer considered to be past due, but are treated as new loans. In subsequent years, the asset is considered to be past due and disclosed only if renegotiated again.

3.4.2 Derecognition of financial assets

The Bank derecognises a financial asset only when the contractual rights to receive the cash flows from the assets expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Bank neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Bank recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Bank retains substantially all of the risks and rewards of ownership of a transferred financial asset, the Bank continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

3 Significant accounting policies (continued)

3.4 Financial assets (continued)

3.4.2 Derecognition of financial assets

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

On derecognition of a financial asset other than in its entirety (e.g. when the Bank retains an option to repurchase part of a transferred asset or retains a residual interest that does not result in the retention of substantially all the risks and rewards of ownership and the Bank retains control), the Bank allocates the previous carrying amount of the financial asset between the part it continues to recognise under the continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

3.5 Financial liabilities and equity instruments

Debt and equity instruments issued by the Bank are classified as either financial liabilities or as equity in accordance with the substance of the contractual agreements and the definitions of financial liability and on equity instrument.

3.5.1 Equity instruments

An equity instrument is any contract that evidence a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Bank are recognised at the proceeds received, net of direct issue costs.

3.5.1.1 Ordinary shares

Ordinary shares are classified in the financial statements as equity.

3.5.1.2 Dividends on ordinary shares

Dividends on ordinary shares are recognised in equity in the period in which they are approved by the Bank's shareholders. Dividends for the year which are approved after the date of the consolidated statement of financial position are disclosed in the notes to the financial statements.

3.5.2 Other financial liabilities

Financial liabilities are classified as 'other financial liabilities', and are initially recognised at cost. Other financial liabilities (including customers' deposits and amounts due from subsidiaries) are subsequently recognised at amortised cost using the effective interest method.

3.5.3 Derecognition of financial liabilities

The Bank derecognises financial liabilities when, and only when, the Bank's obligations are discharged or cancelled, or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

3 Significant accounting policies (continued)

3.6 Interest income and expense

Interest income and expenses are recognised in the consolidated statement of income for all interest bearing financial assets and liabilities using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or liability on initial recognition. The calculation includes all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

Once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is recognised using the rate of interest to discount the future cash flows for the purpose of measuring the impairment loss.

3.7 Fees and commissions

Fees and commissions are generally recognised on an accrual basis when the service has been provided. Loan commitment fees for loans which are likely to be drawn down, are deferred (together with related direct costs) and recognised as an adjustment to the effective yield on the loan.

Commission and fees arising from negotiating or participating in the negotiation of a transaction for a third party, such as the acquisition of shares or other securities are recognised on completion of the underlying transaction.

3.8 Dividend income

Dividend income from investment securities is recognised in the consolidated statement of income when the Bank's right to receive the payment has been established (provided that it is probable that the economic benefits will flow to the Bank and the amount of income can be measured reliably).

3.9 Property, plant and equipment and depreciation

Land and buildings held for use in the production or supply of services, or administrative purposes are stated in the consolidated statement of financial position at their revalued amounts, being the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluations are performed with sufficient regularity such that the carrying amounts do not differ materially from those that would be determined using fair values at the end of each reporting period.

Any revaluation increase arising on the revaluation of such land and buildings is recognised in other comprehensive income and accumulated in equity, except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously expensed. A decrease in the carrying amount arising on the revaluation of such land and buildings is recognised in profit or loss to the extent that it exceeds the balance, if any, held in the properties revaluation reserve relating to a previous revaluation of that asset.

Depreciation on revalued buildings is recognised in profit or loss. On the subsequent sale or retirement of a revalued property, the attributable revaluation surplus remaining in the properties revaluation reserve is transferred directly to retained earnings.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees, and for qualifying assets, borrowing costs capitalised in accordance with the Bank's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

3 Significant accounting policies (continued)

3.9 Property, plant and equipment and depreciation (continued)

Furniture, fixtures, vehicles and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets (other than land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The following annual depreciation rates are applied:

Buildings	2.5%
Furniture and fixtures	15%
Equipment	15%
Computer equipment	20%
Land improvement	10%

Land is not depreciated.

All repairs and maintenance to property, plant and equipment are charged to operating expenses during the financial period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

3.10 Intangible assets – computer software

Acquired computer software is carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over the estimated useful lives of the computer software, which is three to five years, using the straight line method. The estimated useful lives and method of amortisation are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Costs associated with maintaining computer software programs are charged to operating expenses during the financial period in which they are incurred.

3.11 Impairment of property, plant, equipment and intangible assets

Property, plant, equipment and intangible assets are periodically reviewed for impairment. An impairment loss is recognised for the amount by which the carrying amount of the asset is greater than its estimated recoverable amount. The recoverable amount of an asset is the higher of fair value less costs to sell, and value in use.

3.12 Provisions

Provisions are recognised when the Bank has a present legal or constructive obligation as a result of past events, it is probable that the Bank will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

3 Significant accounting policies (continued)

3.12 Provisions (continued)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

3.13 Cash and cash equivalents

Cash and cash equivalents comprise balances with less than three months' maturity from the date of acquisition. These include cash, unrestricted balances with banks and other financial institutions, treasury bills, and other short term highlight liquid investment securities.

3.14 Pension costs

The Bank maintains a defined contribution pension plan for its eligible employees.

The Bank's contributions to the defined contribution pension plan are charged to the consolidated statement of income in the period to which the contributions relate.

3.15 Taxation

a) *Current income tax*

Income tax receivable/payable is calculated on taxable profit for the year, based on the enacted tax rates within the Federation of St. Christopher and Nevis. Taxable profit differs from net profit as reported in the consolidated statement of income because of items of income or expense that are taxable or deductible in other years and items that are not taxable or deductible.

b) *Deferred income tax*

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using the enacted tax rates by the date of the consolidated statement of financial position and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

The principal temporary differences arise from the depreciation of plant and equipment and the revaluation of certain financial assets and liabilities.

Income tax payable on profits, based on the applicable tax law is recognised as an expense in the period in which profits arise. Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

3.16 Non-current assets held for sale

Assets and liabilities of disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification. Non-current assets of the subsidiary, Bank of Nevis International Limited currently classified as held for sale has extended beyond the one year time-frame from initial classification. Management has determined that the classification remains relevant because the disposal of majority interest in the subsidiary could not have occurred until approval by the Regulator of the subsidiary to transfer the majority shares to the investor was granted. Approval was granted on July 28, 2017 and it is expected that the sale of majority interest in the subsidiary will be completed before December 31, 2017.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

3 Significant accounting policies (continued)

3.16 Non-current assets held for sale (continued)

When the Bank is committed to a sale plan involving loss of control of a subsidiary, all of the assets and liabilities of that subsidiary are classified as held for sale when the criteria described above are met, regardless of whether the Bank will retain a non-controlling interest in its former subsidiary after the sale.

When the Bank is committed to a sale plan involving disposal of an investment, or a portion of an investment, in an associate or joint venture, the investment or the portion of the investment that will be disposed of is classified as held for sale when the criteria described above are met, and the Bank discontinues the use of the equity method in relation to the portion that is classified as held for sale. Any retained portion of an investment in an associate or a joint venture that has not been classified as held for sale continues to be accounted for using the equity method. The Bank discontinues the use of the equity method at the time of disposal when the disposal results in the Bank losing significant influence over the associate or joint venture.

4 Financial risk management

The Bank's business involves taking on risks in a targeted manner and managing them professionally. The core functions of the Bank's risk management are to identify all key risks for the Bank, measure these risks, manage the risk positions and determine capital allocations. The Bank regularly reviews its risk management policies and systems to reflect changes in markets, products and best market practice.

The Bank's aim is to achieve an appropriate balance between risk and return and minimise potential adverse effects on the Bank's financial performance.

The Bank defines risk as the possibility of losses of profits foregone, which may be caused by internal or external factors.

Risk management is carried out by the Accounting and Investment and Risk and Compliance departments under policies approved by the Board of Directors. A risk management committee is also established to oversee the risk management process of the group. The Accounting and Investment department identifies, evaluates and hedges financial risks in close co-operation with the Bank's operating units. The Board and risk management committee provides written principles for overall risk management, as well as written policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of non-derivative financial instruments. In addition, internal audit is responsible for the independent review of risk management and the control environment.

The risks arising from financial instruments to which the Bank is exposed are financial risks, which include credit risk, liquidity risk, market risks (which are discussed below) and operational risk.

4.1 Credit risk

Credit risk is the risk of suffering financial loss, should any of the Bank's customers, clients or market counterparties fail to fulfil their contractual obligations to the Bank. Credit risk arises mainly from commercial and consumer loans and advances, credit cards, and loan commitments arising from such lending activities, but can also arise from credit enhancement provided, financial guarantees, letters of credit, endorsements and acceptances.

The Bank is also exposed to other credit risks arising from investments in debt securities and other exposures arising from its trading activities ('trading exposures'), including non-equity trading portfolio assets, and settlement balances with market counterparties.

Credit risk is the single largest risk for the Bank's business; management therefore carefully manages its exposure to credit risk. The credit risk management and control are conducted by management of the Credit and Accounting and Investments departments and Internal

4 Financial risk management (continued)

4.1 Credit risk (continued)

Management Investment Committee which reports to the investment and credit committees and Board of Directors regularly.

4.1.1 Credit risk management

(a) Loans and advances

The estimation of credit exposure is complex and requires the use of models, as the value of a product varies with changes in market variables, expected cash flows and the passage of time. The assessment of credit risk of a portfolio of assets entails further estimations as to the likelihood of defaults occurring, of the associated loss ratios and of default correlations between counterparties.

The Bank assesses the probability of default of individual counterparties using internal rating tools tailored to the various categories of the counterparty. They have been developed based on the Eastern Caribbean Central Bank's guidelines. Customers of the Bank are segmented into five rating classes. The Bank's rating scale, which is shown below, reflects the range of default probabilities defined for each rating class. This means that, in principle, exposures migrate between classes as the assessment of their probability of default changes. The ratings tools are kept under review and upgraded as necessary.

Bank's rating	Description of the grade
1	Pass
2	Special mention
3	Sub-standard
4	Doubtful
5	Loss

(b) Debt securities and other bills

The Bank's portfolio of debt securities and other bills consists of St Christopher and Nevis Federal Government, Nevis Island Administration, and Governments of Antigua and Barbuda, Grenada, Dominica, St. Lucia and St. Vincent and the Grenadines treasury bills, and other debt obligations by regional banking and non-banking financial institutions, all of which are unrated. The Bank assesses the risk of default on these obligations by regularly monitoring the performance of the St. Kitts and Nevis Federal Government, the Nevis Island Administration and other regional governments through published government data, information received directly from government departments and information published by international agencies such as the International Monetary Fund (IMF) and the World Bank.

The risk of default on regional corporate debt is assessed by continuous monitoring of the performance of these companies through published financial information, and other data gleaned from various sources.

4.1.2 Risk limit control and mitigation policies

The Bank manages limits and controls concentrations of credit risk wherever they are identified, in particular to individual counterparties and groups, and to industries and countries.

The Bank structures the levels of credit risk it undertakes by placing limits on the amount of risk accepted in relation to one borrower, or groups of borrowers, and industry segments. Such risks are monitored on a revolving basis and subject to regular review by the Board of Directors.

The exposure to any one borrower, including banks and brokers is further restricted by sub-limits covering on- and off-balance sheet exposures, and daily delivery risk limits in relation to trading items. Actual exposures against limits are monitored, on an ongoing basis.

Lending limits are reviewed in light of changing market and economic conditions and periodic credit reviews and assessments of probability of default.

Some other specific control and mitigation measures are outlined below:

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.1 Credit risk (continued)

4.1.2 Risk limit control and mitigation policies (*continued*)

(a) Collateral

The Bank employs a range of policies and practices to mitigate credit risk. The most traditional of these is the taking of security for funds advanced, which is a common practice. The Bank implements guidelines on the acceptability of specific classes of collateral or credit risk mitigation. The principal collateral types for loans and advances are as follows:

- Mortgages over properties;
- Charges over business assets such as premises, inventory and accounts receivable; and
- Charges over financial instruments such as debt securities and equities.

Longer-term finance and lending to corporate entities as well as individual credit facilities are generally secured. In addition, in order to minimise the credit loss, the Bank will seek additional collateral from the counterparty as soon as there are impairment indicators for the relevant individual loans and advances.

Collateral held as security for financial assets other than loans and advances is determined by the nature of the instrument. Debt securities, treasury and other eligible bills are generally unsecured.

(b) Credit-related commitments

The primary purpose of these instruments is to ensure that funds are available to a customer as required. Guarantees and standby letters of credit carry the same credit risk as loans. Documentary and commercial letters of credit which are written undertakings by the Bank on behalf of a customer authorising a third party to draw drafts on the Bank up to a stipulated amount under specific terms and conditions are collateralised by the underlying shipment of goods to which they relate, and therefore carry less risk than a direct loan.

Commitments to extend credit represent unused portions of authorisations to extend credit in the form of loans, guarantees or letters of credit. With respect to credit risk on commitments to extend credit, the Bank is potentially exposed to loss in an amount equal to the total unused commitments. However, the likely amount of loss is less than the total unused commitments, as most commitments to extend credit are contingent upon customers maintaining specific credit standards. The Bank monitors the term to maturity of credit commitments because longer-term commitments generally have a greater degree of credit risk than shorter term commitments.

4.1.3 Impairment and provisioning policies

The internal rating system described in Note 4.1.1 focuses on expected credit losses – that is, taking into account the risk of future events giving rise to losses. In contrast, impairment provisions are recognised for financial reporting purposes only for losses that have been incurred at the date of the consolidated statement of financial position, based on the objective evidence of impairment. Due to the different methodologies applied, the amount of incurred credit losses provided for in the consolidated financial statements is usually lower than the amount determined from the expected loss model that is used for internal operational management and banking regulation purposes.

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.1 Credit risk (continued)

4.1.3 Impairment and provisioning policies (*continued*)

The impairment provision shown in the consolidated statement of financial position at year end is derived from each of the five rating grades. However, the largest component of the impairment provision comes from the doubtful and loss grades. The table below shows the percentage of the Bank's on and off statement of financial position items relating to loans and advances and the associated impairment provision for each of the Bank's internal rating categories:

	2017		2016	
Bank's rating	**Loans and advances (%)**	**Impairment Provision (%)**	**Loans and advances (%)**	**Impairment provision (%)**
Pass	**73.0**	**14.5**	78.1	22.7
Special mention	**14.3**	**2.5**	8.6	3.8
Sub-standard	**8.9**	**20.5**	9.0	7.9
Doubtful	**3.8**	**62.5**	4.2	61.0
Loss	**-**	**-**	0.1	4.6
Total	**100.0**	**100.0**	100.0	100.0

4.1.4 Maximum exposure to credit risk before collateral held or other credit enhancements

	2017 $	2016 $
Credit risk exposures relating to on-statement of financial position assets:		
Deposits with other banks	**42,510,200**	85,672,203
Deposits with non-bank financial institutions	**19,275,044**	14,553,350
Restricted deposits with non-bank financial institutions	**808,470**	808,470
Investment securities:		
– Treasury bills and other eligible bills	**42,480,529**	45,008,046
– Bonds and other debt instruments	**9,051,496**	8,356,149
– Available-for-sale investments quoted	**13,545,176**	20,399,884
Loans and advances	**212,150,603**	203,804,139
Other assets	**868,211**	99,859
	340,689,729	378,702,100
Credit exposures relating to off-statement of financial position items:		
– Loan commitments and other credit related facilities	**18,225,708**	28,851,498
Total	**358,915,437**	407,553,598

The above table represents a worst case scenario of credit exposure to the Bank at June 30, 2017 and 2016, without taking account of any collateral held or other credit enhancements attached. For on-consolidated statement of financial position assets, the exposures set out above are based on net carrying amounts as reported in the consolidated statement of financial position.

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.1 Credit risk (continued)

4.1.4 Maximum exposure to credit risk before collateral held or other credit enhancements (*continued*)

- 59.1 % of the total maximum exposure is derived from loans and advances (2016: 50.0%) and 18.1% represents investment in securities (2016: 18.1%).

Management is confident in its ability to continue to control and sustain minimal exposure of credit risk to the Bank resulting from both its loans and advances portfolio and investment securities, based on the following:

- 87.3% of the loans and advances portfolio is categorised in the top two grades of the internal rating system (2016: 86.7%).
- 80.57 % of the loans and advances portfolio are considered to be neither past due nor impaired (2016: 83.0%).
- 12.9% of loans and advances are considered impaired (2016: 13.3%).
- The impairment provision on the balance sheet decreased during the year to $5,076,179 million (2016: $5.8 million).

4.1.5 Credit quality of loans and advances

Loans and advances are summarised as follows:

	2017		2016	
	Loans and advances to customers $	Loans and advances to financial institutions $	Loans and advances to customers $	Loans and advances to financial institutions $
Neither past due nor impaired	174,989,267	24,422	174,008,396	24,422
Past due but not impaired	14,844,905	-	7,811,975	-
Impaired	27,368,188	-	27,819,107	-
Gross	**217,202,360**	**24,422**	**209,639,478**	**24,422**
Less: allowance for impairment	(5,076,118)	(61)	(5,859,700)	(61)
Net	**212,126,242**	**24,361**	**203,779,778**	**24,361**

The total impairment provision for loans and advances is $5,076,179 (2016: $5,859,761) of which $4,214,807 (2016: $4,302,091) represents the individually impaired loans, and the remaining amount of $861,372 (2016: $1,557,670) represents the portfolio provision. Further information on the impairment provision for loans and advances to banks and to customers is provided in Note 9.

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.1 Credit risk (continued)

4.1.5 Credit quality of loans and advances (*continued*)

(c) Loans and advances individually impaired

The breakdown of the gross amount of individually impaired loans and advances by class, along with the fair value of related collateral held by the Bank as security is as follows:

As at June 30, 2017

	Overdraft $	Personal $	Commercial $	Public Sector $	Total $
Individually impaired loans	1,013,209	8,162,306	18,192,673	-	27,368,188
Fair value of collateral	**2,102,296**	**21,562,251**	**33,015,849**	**-**	**56,680,396**

As at June 30, 2016

	Overdraft $	Personal $	Commercial $	Public Sector $	Total $
Individually impaired loans	1,830,903	10,632,272	15,355,932	-	27,819,107
Fair value of collateral	**5,068,343**	**26,655,284**	**40,328,858**	**-**	**72,052,485**

The individually impaired loans and advances to customers before taking into consideration the cash flows from collateral held is $27,368,188 (2016: $27,819,107).

(d) Loans and advances renegotiated

Restructuring activities include extended payment arrangements, approved external management plans, modification and deferred payments. Following restructuring, a previously overdue account is reset to a normal status and managed together with other similar accounts. Restructuring policies and practices are based on indicators of criteria which, in the judgement of management, indicate that payment will most likely continue. These policies are kept under continuous review. Restructuring is most commonly applied to term loans, in particular customer finance loans. Renegotiated loans that would otherwise be past due or impaired totalled $7,241,029 at June 30, 2017 (2016: $8,571,046).

4.1.7 Repossessed collateral

During the year ended June 30, 2017, the Bank took possession of collateral held as security for credit facilities with carrying value of $101,975 (2016: $881,275).

Repossessed properties are sold as soon as practicable, with the proceeds used to reduce the outstanding indebtedness.

Total	**217,226,782**	**100**	209,663,900	100.0

4.2 Market risk

The Bank takes on exposure to market risk, which is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risks arise from open positions in interest rate, currency and equity products, all of which are exposed to general and specific market movements and changes in the level of volatility of market rates or prices such as interest rates, credit spreads, foreign exchange rates and equity prices. The Bank separates exposures to market risk into either trading or non-trading portfolios.

The market risks arising from trading and non-trading portfolios are monitored by the Risk Management Committee, Investment and Internal Management Investment Committee and by management. Regular reports are submitted to the Board of Directors and department heads.

4.2.1 Price risk

The Bank is exposed to equity securities price risk because of equity investments held by the Bank and classified in the consolidated statement of financial position as available-for-sale. The Bank's portfolio includes securities that are quoted on the Eastern Caribbean Securities Exchange (ECSE) in addition to mutual funds that are quoted in the United States. Its exposure to equity securities price risk in respect of ECSE traded securities is minimal because the total of these securities is insignificant in relation to its consolidated statement of financial position and because of the limited volatility in this market. The mutual funds' exposure to equity securities price risk is managed by setting maximum exposure limits and the close monitoring of these securities. The Bank is not exposed to commodity price risk.

If market rates at June 30, 2017 had been 0.5% higher/lower with all other variables held constant, equity for the year would have been $6,735 (2016: $136,405) lower/ higher as a result of the increase/decrease in the fair value of available-for-sale investment securities.

	2017 $	2016 $

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.2 Market risk (continued)

4.2.2 Foreign exchange risk

The Bank takes on exposure to the effects of fluctuations in the prevailing foreign currency exchange rates on its financial position and cash flows. The Board sets limits on the level of exposure by currency and in aggregate for both overnight and intra-day positions, which are monitored daily.

Most of the Bank's assets and liabilities in foreign currencies are held in United States dollars. The exchange rate of the Eastern Caribbean dollar (XCD$) to the United States dollar (US$) has been formally pegged at XCD$2.7 = US$1.00 since 1974.

The following table summarises the Bank's exposure to foreign currency risk at June 30, 2017. Included in the table are the Bank's financial instruments at carrying amounts, categorised by currency.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.2 Market risk (continued)

4.2.2 Foreign currency risk (*continued*)

If at June 30, 2017, the Eastern Caribbean dollar had weakened /strengthened by 10% against the Euro with all other variables held constant, post-tax profit for the year would have been $ 7,457 (2016: $93,688) higher/lower, mainly as a result of foreign exchange gains/losses on translation of Euro denominated loans and receivables and foreign exchange losses/gains on translation of customer deposits denominated in Euro.

The contribution to profit before taxation of foreign exchange gains/losses on assets and liabilities held in Euro currency in 2017 was a gain of $141,728 (2016: gain of $53,201).

The Bank holds no Euro denominated available-for-sale investment securities. Hence, there would have been no impact on equity if the Eastern Caribbean Dollar had weakened/strengthened against the Euro at June 30, 2017.

If at June 30, 2017, the Eastern Caribbean dollar had weakened/strengthened by 10% against the Pound Sterling with all other variables held constant, post-tax profit for the year would have been $46,670 (2016: $68,101) higher/lower, mainly as a result of foreign exchange gains/losses on translation of Pound Sterling denominated loans and receivables, and foreign exchange losses/gains on translation of customer deposits denominated in Pounds Sterling.

The contribution of profit before taxation of foreign exchange gains/losses is on assets and liabilities held in Pound Sterling in 2017 was a loss of $57,588 (2016: loss of $59,779).

Because the Bank holds no Pound Sterling denominated available-for-sale investment securities, there would have been no impact on equity, if the Eastern Caribbean dollar had weakened/strengthened against the Pound Sterling at June 30, 2017.

If at June 30, 2017, the Eastern Caribbean dollar had weakened /strengthened by 10% against the Canadian dollar with all other variables held constant, post-tax profit for the year would have been $67,435 (2016: $56,857) higher/lower, mainly as a result of foreign exchange gains/losses on translation of Canadian dollar denominated loans and receivables and foreign exchange losses/gains on translation of customer deposits denominated in Canadian dollars.

The contribution to profit before taxation of foreign exchange gains on assets and liabilities held in Canadian currency in 2017 was a gain of $8,179 (2016: loss of $12,611).

Because the Bank holds no Canadian dollar denominated available-for-sale investment securities, there would have been no impact on equity, if the Eastern Caribbean dollar had weakened/strengthened against the Canadian dollar at June 30, 2017.

4.2.3 Interest rate risk

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market interest rates. The Bank takes on exposure to the effects of fluctuations in the prevailing level of market interest rates on both its fair value and cash flow risks. Interest margins may increase or decrease as a result of such changes. The Board sets limits on the level of mismatch of interest rate re-pricing that may be undertaken, which is monitored by the Assets and Liabilities Management Committee. Several other committees are involved in the management of interest rate risk which includes the internal management investment committee, investment committee and risk management committees which meets and reports to the Board on a regular basis.

The following table summarises the Bank's exposure to interest rate risks. It includes the Bank's financial instruments at carrying amounts, categorised by the earlier of contractual re-pricing or maturity dates.

4 Financial risk management (continued)

4.2 Market risk (continued)

4.2.3 Interest rate risk (*continued*)

The Bank's fair value interest rate risk arises from fixed income debt securities classified as available-for-sale. If market rates at June 30, 2017 had been 0.5% higher/lower with all other variables held constant, equity for the year would have been $6,735 (2016: $277,367) lower/higher as a result of the increase/decrease in the fair value of available-for-sale securities.

Cash flow interest rate risk arises from loans and advances to customers, and other interest bearing assets at variable rates. If at June 30, 2017, variable interest rates on loans and advances to customers and other interest bearing assets had been 0.5% higher/lower, with all other variables held constant, post-tax profit for the year would have been $1,180,063 higher/lower (2016: $969,274), mainly as a result of higher/lower interest income. Cash flow interest rate risk also arises from customers' deposits, at variable interest rates. If at June 30, 2017 variable interest rates on customers' deposits had been 0.5% higher/lower, with all other variables held constant, net profit for the year would have been $1,189,848 (2016: $1,375,547) lower/higher, mainly as a result of higher/lower interest expense.

4.3 Liquidity risk

Liquidity risk is the risk that the Bank is unable to meet its obligations when they fall due as a result of customer deposits being withdrawn, cash requirements from contractual commitments, or other cash outflows, such as debt maturities. Such outflows would deplete available cash resources for client lending, trading activities and investments. In extreme circumstances, lack of liquidity could result in reductions in the consolidated statement of financial position and sales of assets, or potentially an inability to fulfil lending commitments. The risk that the Bank will be unable to do so is inherent in all banking operations and can be affected by a range of institution-specific and market-wide events including, but not limited to, credit events, merger and acquisition activity, systemic shocks and natural disasters.

4.3.1 Liquidity risk management process

The Bank's liquidity management process is carried out within the Bank by the Accounting and Investment Department, and monitored by management. Oversight includes the following:

- Day-to-day funding, managed by monitoring future cash flows to ensure that requirements can be met. This includes replenishment of funds as they mature or are borrowed by customers;
- Monitoring liquidity ratios of the consolidated statement of financial position against internal and regulatory requirements; and
- Managing the concentration and profile of debt maturities.

Monitoring and reporting take the form of cash flow measurement, and projections for the next day, week and month respectively, as these are key periods for liquidity management. The starting point for these projections is an analysis of the contractual maturity of the financial liabilities and the expected collection date of the financial assets.

The Accounting and Investment Department also monitors unmatched medium term assets, the level and type of undrawn lending commitments, the usage of overdraft facilities and the impact of contingent liabilities such as standby letters of credit and guarantees.

4.3.2 Funding approach

Sources of liquidity are regularly reviewed by management and the Board of Directors and primarily consist of deposits from customers, share capital and lines of credit with other financial institutions.

June 30, 2017

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.3 Liquidity risk (continued)

4.3.4 Assets held for managing liquidity risk

The Bank holds a diversified portfolio of cash and high-quality highly-liquid securities to support payment obligations and contingent funding in a stressed market environment. The Bank's assets held for managing liquidity risk comprise:

- Loans and advances;
- Cash and balances with central banks;
- Certificates of deposit; and
- Government bonds and other securities that are readily acceptable in repurchase agreements with central banks.

4.3.5 Off statement of financial position items

(a) Loan commitments

The dates of the contractual amounts of the Bank's off statement of financial position financial instruments that commit to extend credit to customers and other facilities are summarised in the table below.

	Up to 1 year $	Total $
As at June 30, 2017		
Loan commitments	18,225,708	18,225,708
	18,225,708	**18,225,708**
As at June 30, 2016		
Loan commitments	28,851,498	28,851,498
	28,851,498	**28,851,498**

(b) Financial guarantees and other financial facilities

The Bank had financial guarantees of $Nil at June 30, 2017 (2016: $Nil).

(c) Operating Lease Commitments

The Bank had no operating lease commitments as at June 30, 2017 (2016: $Nil).

(d) Capital commitments

The Bank had contractual capital commitments totalling $Nil as at June 30, 2017 (2016: $Nil).

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.4 Fair value of financial assets and liabilities (continued)

(a) The table below summarises the carrying amounts and fair values of the Bank's financial assets and liabilities (continued)

(i) Due from other banks
Due from other banks includes inter-bank placements and items in the course of collection. It is assumed that the fair value of this category of financial assets is a reasonable estimate of the fair value due to the relatively short term maturities.

(ii) Loans and advances to customers
Loans and advances are net of provisions for impairment. The estimated fair value of loans and advances represents the discounted amount of estimated future cash flows expected to be received. Expected cash flows are discounted at current market rates to determine their fair value.

(iii) Investment securities
Investment securities include assets classified as available-for-sale which are measured at fair value based on quoted market prices. For available-for-sale investment securities for which no active market exists, the fair value is estimated at cost, net of any assessed impairment. Loans and receivables are carried at amortised cost using the effective interest rate method.

(iv) Due to other banks and customers, other depositors and other borrowings
The estimated value of deposits with no stated maturity, which includes non-interest bearing deposits, is the amount repayable on demand. The fair value of fixed-interest bearing deposits and other borrowings is assumed to approximate the carrying values.

(v) Loans payable
The fair value of the loan payable is estimated to approximate the carrying value.

4.4.1 Fair value hierarchy

IFRS 7 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources; unobservable inputs reflect the Bank's market assumptions. These two types of inputs have created the following fair value hierarchy:

- Level 1 – Quoted prices in active markets for identical assets or liabilities. This level includes debt instruments listed on exchanges.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). This level includes equity investments and debt instruments with significant unobservable components.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.4. Fair value of financial assets and liabilities (continued)

4.4.1 Fair value hierarchy *(continued)*

The standard requires the use of observable market data when available. The Bank considers relevant and observable market prices in its valuations where possible.

	Level 1 $	Total $
Financial assets at fair value		
Investment securities		
Fixed income securities, quoted at market value	13,545,176	13,545,176
Equity securities	2,010,435	2,010,435

Fixed income securities, quoted at market value	20,334,213	20,334,213
Equity securities	2,027,087	2,027,087
Balance as at June 30, 2016	**22,361,300**	**22,361,300**

4.5 Capital management

The Bank's objectives when managing capital, which is a broader concept than the 'equity' on the face of the consolidated statement of financial position, are:

- To comply with the capital requirements set by the Eastern Caribbean Central Bank (the ECCB);
- To safeguard the Bank's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- To maintain a strong capital base to support the development of its business.

Capital adequacy and the use of regulatory capital are monitored daily by the Bank's management, employing techniques based on the guidelines developed by the Basel Committee and the European Community Directives, as implemented by the ECCB, for supervisory purposes. The required information is filed with the ECCB on a quarterly basis.

The Banking Act No. 1 of 2015 ("the Act") which regulates the activities of the Parent Company ("BON") came into effect on May 20, 2016. The Act has increased the minimum capital requirement for licensees from EC$5 million to EC$20 million, with an allowance of 450 days from the Act's effective date to achieve compliance. BON's paid up capital at June 30, 2016 was $9,347,687. As part of the strategy to ensure compliance with the Act, the Board of Directors of BON sought and received approval from its shareholders to raise additional share capital via a rights issue and immediately thereafter, an additional public offering ("APO").

The rights issue was held during the period February 1, 2017 to April 18, 2017 and the paid up capital raised was $4,486,258. The APO commenced on May 15, 2017 and was completed on July 28, 2017, subsequent to June 30, 2017. The additional capital of $6,182,416 to be raised via the APO in order to meet the minimum paid up capital requirement of EC$20 million was exceeded. This additional paid up capital was raised within the required time established of August 13, 2017.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

4 Financial risk management (continued)

4.5 Capital management (continued)

The Act further states that a licensed financial holding company is required to maintain paid up capital of at least $60,000,000. The Bank of Nevis Limited based on definition provided by the Act is deemed to be a holding company due to its ownership interest in its subsidiary Bank of Nevis International. The Bank of Nevis is in the process of disposing its majority interest in Bank of Nevis International Limited. Approval for disposal of the interest was granted by the Regulator of The Bank of Nevis Limited on December 8, 2016 on the condition that approval was granted by the Regulator of Bank of Nevis International Limited. Approval from the Regulator of Bank of Nevis International Limited to transfer its majority shares to the external investor in the subsidiary was received on July 28, 2017. It is expected that the sale will be concluded on or before December 31, 2017.

The Nevis International Banking Ordinance 2014, No.1 of 2014 ("NIBO 2014") which governs the operations of the subsidiary Bank of Nevis International ("BONI") came into effect on August 1, 2014. NIBO 2014 repealed the Nevis Offshore Banking Ordinance Cap. 7.05. Section 11(1) (b) of 1996. NIBO 2014 stipulates that a licensee shall maintain not less than US$2,000,000 (EC$5,400,000) in fully paid up capital. At June 30, 2017, the Bank held fully paid up capital of $2,226,428.

The Bank's regulatory capital as managed by the Board of Directors is divided into two tiers:

- Tier 1 capital: share capital (net of any book values of treasury shares), retained earnings and reserves created by appropriations of retained earnings.
- Tier 2 capital: qualifying subordinated loan capital, collective impairment allowances and unrealised gains arising on the fair valuation of securities held as available-for-sale.

The risk weighted assets are measured by means of a hierarchy of five risk weights classified according to the nature of and reflecting an estimate of credit, market and other risks associated with each asset and counterparty, taking into account any eligible collateral or guarantees. A similar treatment is adopted for off balance sheet exposure, with some adjustments to reflect the more contingent nature of the potential losses.

The following table summarises the composition of the regulatory capital and the Basel ratios for the years ended June 30, 2017 and June 30, 2016.

	2017 $	2016 $
Tier 1 capital		
Share capital	**13,817,584**	9,347,687
Statutory reserve	**13,244,603**	10,934,354
Retained earnings	**24,519,936**	21,407,846
Total qualifying tier 1 capital	**51,582,123**	41,689,887
Tier 2 capital		
Revaluation reserve	**13,442,597**	12,147,773
Reserve for loan impairment	**1,481,343**	1,257,005
Reserve for items in-transit on correspondent bank accounts	**2,890,216**	2,890,216
Total qualifying tier 2 capital	**17,814,156**	16,294,994
Total regulatory capital	**69,396,279**	57,984,881

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

5 Critical accounting estimates, and judgements in applying accounting policies and key sources of estimation uncertainty

The Bank's consolidated financial statements and its financial result are influenced by accounting policies, assumptions, estimates and management judgement, which necessarily have to be made in the course of preparation of the consolidated financial statements.

The Bank makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. All estimates and assumptions required in conformity with IFRS are best estimates undertaken in accordance with the applicable standard. Estimates and judgements are evaluated on a continuous basis, and are based on past experience and other factors, including expectations with regard to future events.

Certain accounting policies and management's judgements are especially critical for the Bank's results and financial situation due to their materiality.

(a) Impairment losses on loans and advances

The Bank reviews its loan portfolios to assess impairment on a quarterly basis. In determining whether an impairment loss should be recorded in the consolidated statement of income, the Bank makes judgements as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows from a portfolio of loans before the decrease can be identified with an individual loan in that portfolio. This evidence may include observable data indicating that there has been an adverse change in the payment status of borrowers, or local economic conditions that correlate with defaults on assets in the Bank.

Loans and advances which are more than 90 days in arrears are assessed for impairment on an individual basis. The impairment losses on the individually impaired loans and advances within the portfolio are based upon the Bank's estimate of the present value of the expected cash flows, using the value of the underlying collateral held as a base. The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between loss estimates and actual loss experience. To the extent that the net present value of estimated cash flows differs by +/-5 percent, the provision would be estimated $518,943 lower or $704,947 higher respectively.

For loans and advances which are not considered to be individually impaired, general allowance for impairment is assessed on a percentage basis, based on several factors including facility type and economic sector. In estimating the percentage allowance, Management makes assumptions based on historical performance of the respective categories as well as current economic conditions and forecasts.

(b) Impairment of available-for-sale investments

The Bank determines that available-for-sale equity investments are impaired when there has been a significant or prolonged decline in fair value below cost. This determination of what is significant or prolonged requires judgement, and in making this judgement, the Bank evaluates among other factors, historical market and industry trends, the investments' historical performance against benchmarks, as well as the short term performance outlook. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology, and operational and financing cash flows.

5 Critical accounting estimates, and judgements in applying accounting policies and key sources of estimation uncertainty (continued)

(c) Impairment of fixed deposits

The Bank holds fixed deposits with certain institutions that have been experiencing liquidity challenges, and were therefore unable to fulfil all the Bank's requests to redeem the fixed deposits. The Bank reviews its fixed deposits to assess impairment on a regular and periodic basis. In determining whether an impairment loss should be recorded, the Bank makes judgments as to whether there is any observable data indicating an impairment trigger followed by a measurable decrease in the estimated future cash flows from the fixed deposit. Such observable data may indicate that there has been an adverse change in the payment ability and financial condition of the counterparty. Management uses experience, judgment and estimates based on objective evidence of impairment when assessing future cash flows. Were the net present value of estimated cash flows of these fixed deposits to differ by +/-10%, the impairment would remain unchanged.

6 Business segments

The Bank has three operating segments:

- Retail and Corporate banking – incorporating private banking services, customer current accounts, savings, deposits, consumer loans and mortgages and other credit facilities, overdrafts, debit cards;
- International Banking – incorporating private banking services, customer current accounts, savings, deposits, consumer loans and mortgages and other credit facilities, overdrafts to non-residents of Nevis; and
- Mutual Funds – Open-ended public mutual funds.

The mutual funds segment is not a material operation. As detailed in note 30, the Bank is in the process of disposing of its majority interest in its wholly-owned subsidiary, which operates the international banking segment. The results of this segment is presented in the consolidated statement of comprehensive income as net profit from discontinued operations with supporting note 31. The assets and liabilities are presented in the consolidated statement of financial position as assets and liabilities of subsidiary classified as held for sale. Consequently, separate business segment disclosures have not been presented.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

7 Cash and balances due from banks and other financial institutions (continued)

Under the Banking Act, commercial banks are required to transfer to the ECCB balances on accounts which are inactive for a period of over 15 years. The balances transferred to the ECCB are held in a special account and are not available for use in the Bank's day-to-day operations.

Commercial banks doing banking business in member states of the Organisation of the Eastern Caribbean States (OECS) are required to maintain a mandatory non-interest bearing reserve deposit with the ECCB, which when combined with the EC dollar cash on hand should be equivalent to a minimum 6% of their total deposit liabilities (excluding inter-bank deposits). This reserve deposit relates only to The Bank of Nevis Limited (non-consolidated), and is not available for use in its day-to-day operations. At June 30, 2017 the minimum required amount was $21,075,000.

The restricted fixed deposits comprise deposits held with Caribbean Credit Card Corporation Limited of $808,470 (2016: $808,470) bearing interest of 2% (2016: 4.5%) per annum. These deposits are not available for use in the Bank's day-to-day operations and are used as security deposits primarily for the credit card operations.

The Bank has deposits held with the ECCB as a reserve requirement for the Eastern Caribbean Automated Clearing House ("ECACH"). The ECACH requires participating banks to maintain collateral equivalent to three days exposure to cheque settlements.

Fixed deposit held with TCI Bank Limited

The Bank holds a fixed deposit with TCI Bank Limited, incorporated and operating in the Turks and Caicos Islands, in the amount of $2,411,378 (originally $3,014,221).

On April 09, 2010, by petition of the Financial Services Commission (FSC) in the Turks and Caicos Islands to the Supreme Court, TCI Bank Limited was placed in liquidation and joint liquidators were appointed. After consideration of the foregoing, and also considering the present value of future cash flows to be derived from the fixed deposit during a liquidation process based on varying scenarios, Management determined that a prudent approach should be adopted, and an impairment provision of 53% of the value of the fixed deposit (amounting to $1,597,537) was recorded in the financial statements at June 30, 2010.

In 2012, the Turks and Caicos Supreme Court approved an interim dividend distribution of 20 cents on the dollar. This payment in the amount of $602,843 was received by the Bank on September 27, 2012. This dividend distribution resulted in a net carrying value of $813,841 for the fixed deposit.

On August 06, 2015, a second dividend distribution payment, also in the amount of $602,843 was received by the Bank. This dividend distribution further reduced the carrying value of the fixed deposit to $210,998.

Having reviewed the reports of the liquidators, and considering the payment made by the liquidators, Management has determined that the impairment provision of $1,597,537 (i.e. carrying value of $210,998) should be maintained in the financial statements at June 30, 2017. The aforementioned amount has been reclassified with the assets held for sale in the subsidiary.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

8 Investment securities (continued)

Treasury bills

Included in the amounts for treasury bills are treasury bills issued by the Government of St. Christopher and Nevis in the amount of $8,749,920 (2016: $8,658,775) earning interest at 4% per annum (2016: 5.0% per annum).

Also included in the amounts for treasury bills are treasury bills issued by The Nevis Island Administration in the amount of $20,458,539 (2016: $19,298,099) earning interest from 7.0% per annum to 5.5%per annum (2016: 5.5% per annum to 7.0% per annum).

Equity investment in TCI Bank Limited

The Bank holds an equity investment in TCI Bank Limited in the amount of $1,347,450 (2016: $1,347,450).

On April 09, 2010, by petition of the Financial Services Commission (FSC) in the Turks and Caicos Islands to the Supreme Court, TCI Bank Limited was placed in liquidation and joint liquidators were appointed. After consideration of the foregoing, and other details available at that time, a provision for impairment of 100% of the value of the share capital in TCI Bank Limited in the amount of $1,347,450 was made in the financial statements as at June 30, 2010. This provision has been maintained in the financial statements at June 30, 2017.

Equity investment held in ECIC Holdings Limited

The Bank holds an equity investment in ECIC Holdings Limited ("ECIC"), incorporated and operating in St. Kitts and Nevis, in the amount of $1,703,933. Due to financial difficulties encountered by its major subsidiary, the ECIC realised significant declines in its assets, earnings and shareholders' equity, thereby creating uncertainties regarding its going concern ability. Accordingly, the Bank took the decision to record impairment provisions in respect of this investment, in tranches over the period 2012 – 2015, with the final amount of $426,100 recorded in the financial statements for the year ended June 30, 2015. During the year ended June 30, 2017, the shareholder banks of ECIC resolved that the shares of ECIC be sold. Consequently, the Bank received an amount of $9,997 as final payment for the sale of its shares held in ECIC.

Net gains from investment securities comprise:

Loan impairment transferred to assets of subsidiary classified as held for sale	**-**	(329,578)
Balance, end of year	**5,076,179**	5,859,761

The total value of non-productive loans and advances at the end of the year amounted to $27,368,188 (2016: $27,819,107). The interest accrued on non-productive loans and advances but not recorded in these financial statements is $11,061,169 (2016: $11,506,889). Included in loans and advances is an amount due from other financial institutions of $24,422 (2016: $24,422).

9 Loans and advances (continued)

According to the Eastern Caribbean Central Bank loan provisioning guidelines, the calculated allowance for loan impairment amounts to $6,557,522 (2016: $7,116,766). The additional reserve of $1,481,343 (2016: $1,257,005) is recognised through a reserve for loan impairment (see note 19).

Subsequent to the financial year ended June 30, 2017 the Eastern Caribbean Central Bank would have performed an onsite examination. The ECCB provision as at June 30, 2017 was assessed and was determined to not be sufficient based on the provisioning methodology to be applied. The final report of the onsite examination has not been issued and the adjustment to the ECCB provision would be applied prospectively by the Bank.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

11 Property, plant and equipment (continued)

The land and buildings were revalued in June 2013 by an independent property appraiser. The valuation was based on the current replacement cost method based on the values and market conditions at the time of the valuation. The Bank has determined that there have been no significant changes in the market conditions since the valuation, and therefore considers the revalued amounts as being a reasonable assessment of the fair values at reporting date.

The fair value hierarchy for land and buildings is assessed at Level 2, which includes direct and indirect observable inputs.

The following is the carrying amount of land and buildings carried at revalued amounts had they been measured at historical cost:

	Land and Buildings $	Total $
Cost	15,941,396	15,941,396
Accumulated Depreciation	(2,897,617)	(2,897,617)

Tax Losses

The Bank has carried forward income tax losses of $751,809 (2016: $Nil). The tax losses have not been confirmed by the tax authorities. Losses may be carried forward and deducted against future taxable income within five years following the year which the losses were incurred. Losses are restricted to 50% of the taxable income in any one year. The tax loss has resulted in a deferred tax asset of $248,097 (2016: $Nil). The losses incurred will expire on June 30, 2020.

Capital cost allowances

The Bank has carry-forward capital cost allowances of $Nil (2016: $Nil). The additions and claims for capital cost allowances during the current year have not been confirmed by the tax authorities.

Unclaimed capital cost allowances may be carried forward indefinitely and deducted against future taxable income. The amount claimed is restricted to 50% of the taxable income in any one year.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

15 Taxation (continued)

In April 2012 the Income Tax Act was amended to include a specific provision to restrict the claiming of expenses used to generate exempt income. Subsequently, during the financial year ended June 30, 2016, the Bank of Nevis Limited received assessments from the tax authorities for the financial years June 30, 2012, 2013 and 2014, claiming additional taxes as a result of the disallowance of expenses used to generate exempt income. These assessments were subsequently settled during the financial year ended June 30, 2016. However, the Bank reserved the right to challenge the formulas used by the tax authorities to calculate the value of expenses to be disallowed and the treatment of Public Sector loans that were designated as tax free. In June 2017, the Bank submitted a proposal/objection to the tax authorities with respect to the most recent assessments. The proposals made by the Bank were used to determine the tax liability for income years 2015, 2016 and 2017, which created a disputed tax liability of $1,948,292 for those financial years.

Based on the formulas used by the tax authorities the tax expense for the financial year ending on June 30, 2017 amounted to $1,605,692 compared to $342,600 which is the tax credit computed using the formulas proposed by the Bank. Management is currently in discussions with the tax authorities to resolve the tax disputed.

16 Share capital

Authorised share capital - 50,000,000 shares (2016: 50,000,000 shares) at no par value.

Issued and fully paid - 13,833,945 shares (2016: 9,347,687 shares) at no par value.

The Company's Ordinance, Nevis 1999 (section 26) stipulates that shares in a company are to be without nominal or par value. The Ordinance further stipulates that where a former-Act company is continued under the Ordinance, a share with nominal or par value issued by the company before it was continued is deemed to be a share without nominal or par value. The Bank continued under the Companies Ordinance of Nevis on December 31, 2001 and would have adopted the no par value requirement as prescribed by the Ordinance. The par value prior to continuance under the Companies Ordinance was EC$1.00.

The movement in share capital is summarised as follows:

	Number of Shares	Share Capital
Balance as at July 1, 2015	9,347,687	9,347,687
Movement	-	-
Balance as at June 30, 2016	**9,347,687**	**9,347,687**
Issue of shares (net)	4,486,258	4,469,897
Balance as at June 30, 2017	**13,833,945**	**13,817,584**

The Banking Act No. 1 of 2015 ("the Act") which regulates the activities of the Parent Company ("BON") came into effect on May 20, 2016. The Act has increased the minimum capital requirement for licensees from $5 million to EC$20 million, with an allowance of 450 days from the Act's effective date to achieve compliance. The Bank's paid up capital at June 30, 2017 is $13,817,584. As part of the strategy to ensure compliance with the Act, the Board of Directors of BON sought and received approval from its shareholders to raise additional share capital via a rights issue and immediately thereafter, an additional public offering ("APO").

The rights issue was held during the period February 1, 2017 to April 18, 2017 and the paid up capital raised was $4,486,258. The APO commenced on May 15, 2017 and was completed on July 28, 2017, subsequent to June 30, 2017. The additional capital of $6,182,416 required to meet the minimum paid up capital requirement of $20 million was raised via the APO.

17 Statutory reserves

Section 45 (1) of the St. Christopher and Nevis Banking Act No. 1 of 2015 provides that not less than 20% of each year's net earnings shall be set aside to a reserve fund whenever the fund is less than the paid-up capital of the Bank.

Section 12 (1) of the Nevis International Banking Ordinance 2014 provides that the Bank is to maintain a reserve fund and shall out of its net profits of each year and before any dividend is paid, transfer to the said fund a sum equal to not less than 25% of those profits whenever the amount of the reserve fund is less than the paid-up capital of the Bank.

There was a transfer $2,310,249 of the statutory reserves for the years ended June 30, 2017 and $nil for the year ended June 30, 2016.

Liabilities of Subsidiary	**158,198,776**	**155,839,626**

During a special meeting held on February 18, 2016, the shareholders of the Bank of Nevis Limited ("BON") resolved that the Directors of BON be authorised to dispose of BON's majority interest in its wholly owned subsidiary Bank of Nevis International Limited ("BONI") by way of the sale of the majority or full (100%) shareholding in BONI, such authority being granted up to September 30th, 2016 failing which, the Directors of BON be authorised to proceed with a spin-off whereby each shareholder of BON will be allotted an interest in BONI proportionate to their existing shareholding.

Following the passing of the aforementioned resolution and the establishment of the criteria and process for selecting a potential investor, the Directors of BON received and considered several inquiries and offers from external parties in relation thereto.

The sale and purchase agreement was executed between the parties to the MOU on September 30, 2016. The sale of BON's majority interest in BONI has been approved by the regulatory authorities and it is anticipated that the shareholder's agreement and sale of the majority shareholding in BONI will be completed before December 31, 2017.

THE BANK OF NEVIS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2017

(expressed in Eastern Caribbean dollars)

30 Assets and liabilities of subsidiary classified as held for sale (continued)

Fixed deposits held with British American Insurance Company Limited (BAICO)

The subsidiary Bank of Nevis International holds fixed deposits with British American Insurance Company Limited (BAICO) in the amount of $10,145,991.

On July 31, 2009 the local High Court, upon application by the Registrar of Insurance, directed that the business of BAICO carried out in St. Kitts and Nevis be placed under judicial management. Subsequently, Judicial Mangers were appointed to the branches in St. Lucia, St. Vincent and the Grenadines, Antigua and Barbuda, Grenada, Montserrat and an administrator to BAICO'S branch in Anguilla. All of these are branches of BAICO and are not separate legal entities. The Judicial Manager's report was filed with the local High Court on October 30, 2009. After reviewing the Judicial Manager's report, management determined that the most prudent approach should be adopted, thereby making a provision for impairment of 100% of the value of these deposits (amounting to $10,145,991) in the consolidated financial statements at June 30, 2009. The above provision for impairment has been maintained in the financial statements for Bank of Nevis International Limited at June 30, 2017 and no income has been recognised in respect of the fixed deposits.

31 Discontinued operations

Plan to dispose of subsidiary

As described in note 30, the Bank plans to dispose of BON's majority interest in its wholly owned subsidiary Bank of Nevis International Limited. The Bank has not recognised any impairment loss on reclassification of the assets and liabilities as held for sale as at June 30, 2017.

Analysis of profit for the year from discontinued operations

The results of the discontinued operations included in the profit for the year are set out below.

Profit for the year from discontinued operations

	2017 $	2016 $
Net interest income	**2,620,744**	1,851,383

Independent auditors' report

To the shareholders of The Bank of Nevis Limited

Opinion

The accompanying summary non-consolidated financial statements, which comprise the summary non-consolidated statement of financial position as at June 30, 2017, the summary non-consolidated statement of income, summary non-consolidated statement of comprehensive income, summary non-consolidated statement of changes in equity and summary non-consolidated statement of cash flows for the year then ended, are derived from the audited non-consolidated financial statements of The Bank of Nevis Limited for the year ended June 30, 2017.

In our opinion, the accompanying summary non-consolidated financial statements are consistent, in all material respects, with the audited non-consolidated financial statements, prepared in accordance with International Financial Reporting Standards.

Summary non-consolidated financial statements

The summary non-consolidated financial statements do not contain all the disclosures required by International Financial Reporting Standards applied in the preparation of the audited non-consolidated financial statements of The Bank of Nevis Limited. Reading the summary non-consolidated financial statements and the auditors' report thereon, therefore, is not a substitute for reading the audited non-consolidated financial statements and the auditors' opinion thereon.

The audited non-consolidated financial statements and our report thereon

We expressed an unmodified audit opinion on the audited non-consolidated financial statements in our report dated November 10, 2017. That audit report also includes the communication of key audit matters. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the non-consolidated financial statements of the current year.

Management's responsibility for the summary non-consolidated financial statements

Management is responsible for the preparation of the summary non-consolidated financial statements in accordance International Financial Reporting Standards.

Deloitte.

Independent auditors' report (continued)

To the shareholders of The Bank of Nevis Limited

Auditors' responsibility

Our responsibility is to express an opinion on whether the summary non-consolidated financial statements are consistent, in all material respects, with the audited non-consolidated financial statements, based on our procedures, which were conducted in accordance with International Standard on Auditing (ISA) 810 (Revised), "Engagements to Report on Summary Financial Statements."
