TDC Ltd	\$1.40

And today's financial tip:

Why should one consider purchasing government securities?

Government securities provide a good savings option as they are generally risk free and provide a higher return than that which can be received from a regular savings account. Currently, interest rates on treasury bills and bonds issued in the region are generally higher than the rates on fixed deposits offered by commercial banks. In addition, government bonds are ideal for savings as they provide long-term savings options.
