## ABSTRACT

The Government of Antigua and Barbuda (hereafter referred to as GoAB) is offering to raise financing through a series of issues on the RGSM between June and December of 2013. The GoAB's 2013 RGSM Issuance Programme is detailed in this Prospectus for consideration of investors and market participants in general. However, amounts, interest rates, tenors and dates listed for the various issues are tentative and that may be subject to change on account of market conditions, liquidity levels and other factors that may have an effect on the terms of a particular security at the time of issuance.

### **Purpose of Addendum**

***The purpose of this addendum is to add a 10-year Treasury Bond to the Prospectus for the issue amount of US\$5 million to be auctioned on September 25, 2013 and to increase the offer on the 365 day Treasury Bill for October 8, 2013 to EC\$15 million. The option is to take up to an additional US\$2.5 million if the US\$5 million Treasury Bond is over-subscribed and to take up an additional EC\$5m of the oversubscription on the 365 day Treasury Bill.***

With respect to the Government's debt portfolio, in July 2013 the Government and the Antigua Barbuda Airport Authority finalised an agreement with Credit Suisse to restructure all of the Airport Authority's obligations and to complete the airside works at the VC Bird International Airport. The amount of the loan from Credit Suisse is US\$94 million, of which US\$24.6 million is guaranteed by the Government and thus forms part of the debt portfolio. In addition, the Peoples Republic of China recently agreed to increase the value of financing to be provided to Antigua and Barbuda for the new Airport Terminal. Through the China EXIM Bank approximately US\$43 million in additional financing is being provided to expand and complete the new terminal at the VC Bird International Airport.

In August, the Government executed a loan agreement with the Caribbean Development Bank to facilitate the provision of financing to LIAT for its fleet modernisation project. Antigua and Barbuda was required to secure US\$21.9 million in support of the fleet modernisation project. Finally, on August 14, the Government executed its first agreement with the International Bank for Reconstruction and Development for a US\$10 million loan that will be used to finance a Public and Social Sector Transformation Project.
