

ECSE DAILY NEWS REPORT

Welcome to the ECSE daily trading report for 7th March 2008.

Today on the Eastern Caribbean Securities Market, 504 St Kitts Nevis Anguilla National Bank shares traded at \$3.28, down one cent or -0.30% since its last traded price. Although there were bids and offers for other listed securities there were no other matches, and thus there were no other changes in the market prices of the securities trading on the ECSE.

And today's financial tip:

I own bonds that were issued on the ECSE. On the date of maturity, will I be paid the full principal only or will I also receive an interest payment on that date?

On the date your bond matures the issuer not only repays the principal but the final interest payment becomes due, so you will receive an interest payment as well as the principal on the bond's maturity date.
