

ECSE DAILY NEWS REPORT

Welcome to the ECSE daily trading report for 13th March 2008.

Today on the Eastern Caribbean Securities Market, 3,000 St Kitts Nevis and Anguilla National Bank shares traded at \$3.28, unchanged from its previous market close. Although there were bids and offers for other listed securities there were no other matches, and thus there were no changes in the market prices of the securities trading on the ECSM.

And today's financial tip:

How are financial instruments auctioned on the ECSE?

On the ECSE, financial instruments are auctioned by a competitive or a non-competitive method. In a competitive auction, investors compete to purchase the instrument being sold and successful investors are those who offer the best prices. In a non-competitive auction, the price of the instrument has already been fixed and successful investors are determined on a first-come-first-serve basis.
