Welcome to the ECSE daily trading report for 21st April 2008.

Today on the Eastern Caribbean Securities Market, 290,485 Trinidad Cement Limited shares traded at \$3.55, unchanged from its last traded price and 2,772,550 units of Grenada Electricity Services Limited's 10 year bond GES191217 traded at 7.00%.

Although there were bids and offers for other listed securities there were no other matches, and thus there were no changes in the market prices of the securities trading on the ECSM.

And today's financial tip:

Is there a difference in par value versus nominal or face value?

No. Face value, Nominal Value and Par Value all mean the same thing. This is the value of a bond, note or other security that is given on the certificate or the instrument.
