

ECSE DAILY NEWS REPORT

Welcome to the ECSE daily trading report for 5th November 2007.

Today on the Eastern Caribbean Securities Market, 90 Bank of Nevis shares traded at \$5.00, holding firm on its previous market close.

And today's financial tip:

Why do I have a registry account number?

The Eastern Caribbean Central Securities Registry holds the ownership records for all securities listed on the ECSE. Therefore, every investor owning any of those securities is assigned a registry account. A registry account is very similar to a bank account, except that it holds securities instead of money. The registry account may also hold multiple securities.
