And today's financial tip:

Prepare for uncertainties. It is important that you have life, medical, dental, home and auto insurance to shield your savings. Without insurance, these uncertainties can erode your life's savings.

Also, remember when purchasing vehicular insurance that you can keep the cost of your vehicle insurance down by:-

- Driving safely
- Having your vehicle properly valued on an annual basis
- Having all drivers listed on your insurance contract or purchase coverage for any authorized driver.
