

ECSE DAILY TRADE REPORT

Welcome to the ECSE daily trading report for 24th December 2007.

Today on the Eastern Caribbean Securities Market, 40,000 units of the Government of St Kitts and Nevis 10 year bond KNG101112 traded at 7.50%. Although there were bids and offers for other listed securities there were no other matches, and thus there were no changes in the market prices of the securities trading on the ECSM.

And today's financial tip:

Can I use securities as collateral if I am a joint owner?

Yes, but it is only possible if the other joint owner or owners, agree to charge the securities. All the holders would have to sign the paperwork required for charging the securities and, of course, they would lose the ability to trade those securities until you have fully re-paid the loan and the charge is released.

The Management and Staff of the Eastern Caribbean Securities Exchange extend best wishes for a joyous holiday season and a prosperous 2008.
