

ECSE DAILY NEWS REPORT

Welcome to the ECSE daily trading report for 28th August 2007.

There were no trades on the Eastern Caribbean Securities Market today. Although there were bids and offers for listed securities there were no matches and thus there were no changes in the market prices of the securities trading on the ECSM.

And today's financial tip:

I own bonds that were issued on the ECSE – on the date of maturity will I be paid the full principal only or will I also receive an interest payment on that date?

On the date your bond matures the issuer not only repays the principal but the final interest payment becomes due, so you will receive an interest payment as well as the principal on the bond's maturity date.

Join us next time for the Eastern Caribbean Securities Exchange Trading report.
