PERFORMANCE REPORT

Overall, the performance of the East Caribbean Financial Holding Group of Companies (ECFH) has exceeded projections during the first half of the current financial year.

Economic growth in St Lucia has averaged about 4% over the last two years, driven primarily by the tourism and construction sectors. Correspondingly, growth in ECFH assets, deposits and loans have surpassed previous years.

HIGHLIGHTS

- Total assets reached \$1.5 billion, an increase of \$311.4 million
- Net profit after tax of \$18 million, surpassed that of last year by 43% or \$5.3 million
- Return on assets and equity moved from 2.3% and 21% in the previous year, to 2.7% and 26.7% respectively for the current half year
- The subsidiary companies of the Group listed below, all showed improvements over last year:
 - Bank of Saint Lucia Ltd.
 - EC Global Insurance Company Ltd.
 - Bank of Saint Lucia International Ltd.
 - Mortgage Finance Company of Saint Lucia Ltd, and
 - Property Holding and Development Company of Saint Lucia Ltd.
- Bank of Saint Lucia Ltd., which remains the largest subsidiary within the Group, both in terms of assets and contribution to total profits, increased its profit by 19.4% over last year
- Deposits of the Group moved from \$861.7 million to \$1.160 billion
- The loan portfolio which totalled \$728 million, reflected an increase of 19%
- Investments rose by 77.8%, bringing the total to \$522 million

With continued growth in the economy expected for the rest of 2006, barring any unforeseen developments, the Group should record improved results for 2006.

Improved customer relations and high quality convenience banking continue to be the primary objectives of the Group.

To enhance the delivery of services to our customers, the Group has introduced such products and services as TeleBank, Complete Online Banking, a Complaints Management System, as well as automated cheque processing and imaging.

ECFH will be expanding ATM and Point of Sale services shortly, to cater for the anticipated increase in demands for these services, arising from the hosting of the 2007 Cricket World Cup and beyond. In addition, with our soon to be launched International Debit Card, customers will be able to withdraw funds from their accounts, from anywhere in the world.

While improving the Group's financial position is critically important, ECFH continues to focus on improving the socio-economic environment through our corporate social responsibility policies and programmes. Resources allocated this year, will boost skills development among the youth and in adult literacy programmes.

The Board of Directors is pleased to announce an interim dividend of thirty (30) cents per ordinary share, to shareholders on record at September 10, 2006. This is an increase of 50% over last year, when \$2.7 million was paid. The interim dividend payout of \$4.4 million will be paid on October 10, 2006.

Robert Norstrom
