TDC	\$2.05

And today's financial tip:

What is meant by DRIP?

The acronym DRIP means Dividend Reinvestment Plan. For some companies this is an option to make dividend payments. Automatically, the shareholder's dividend payment is made in shares instead of cash. For example, if an ECFH shareholder chooses to reinvest his entire dividend of \$200.00, then at the current market price of \$10.00 per share he will receive 20 additional ECFH shares.

The Management and staff of the Eastern Caribbean Exchange take this opportunity to wish all a Happy Easter.
