

ECSE DAILY TRADE NEWS REPORT

Welcome to the ECSE daily trading report for 7th September 2007.

There were no trades on the Eastern Caribbean Securities Market today.

Although there were bids and offers for other listed securities there were no other matches, and thus there were no changes in the market prices of the securities trading on the ECSM.

And today's financial tip:

I have holdings in a number of government securities and wish to sell a portion of my holdings; can I sell my holdings before maturity?

If the securities you own are listed on the Regional Government Securities Market you can sell your holdings before maturity. The ECSE provides investors with the opportunity to buy and sell securities on the secondary market. Investors will need to place orders to buy and sell securities through a licensed intermediary.

Join us next time for the Eastern Caribbean Securities Exchange Trading report.
