### **And today's financial tip:**

#### **How is the market price of a company's shares determined?**

The market price of a company's shares is determined based on the amount of money a willing buyer pays to obtain the shares from the seller. For example, the market price for CWKN shares is \$5.85 per share, this means that the last buyer of CWKN shares paid \$5.85 per share in order to acquire the shares.
