NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Summary of significant accounting policies

The accompanying unaudited condensed consolidated financial statements of FirstCaribbean International Bank Limited (the Group) should be read in conjunction with the IFRS consolidated financial statements and notes thereto for the year ended October 31, 2013, included in the Group's Annual Report 2013. For a description of the Group's significant accounting policies, see Note 2 of the aforementioned consolidated financial statements.

Basis of presentation Certain financial information, which is normally included in annual financial statements prepared in accordance with IFRS, but not required for interim reporting purposes, has been condensed or omitted. Reclassifications may be made to the prior period's financial statements to conform to the current period's presentation. These unaudited condensed consolidated financial statements reflect, in the opinion of management, all adjustments that are necessary for a fair presentation of the unaudited condensed consolidated financial statements for the interim periods presented.

The results of operations for interim periods are not necessarily indicative of results for the entire year.

In preparing these unaudited condensed consolidated financial statements, management is required to make estimates and assumptions which affect amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Dividends

During the quarter, the final dividends for the fiscal year ended October 31, 2013, as approved by the Board of Directors in December 2013, in the amount of one point five United States cents per share (US\$0.015 per share) were paid.

2. Changes to Accounting policies

IAS 19 "Employee Benefits" - In June 2011, the IASB published an amended version of IAS 19 which became effective for the Company on November 1, 2013. The amendments require the following: (i) recognition of actuarial gains and losses in OCI in the period in which they arise; (ii) recognition of interest income on plan assets in net income using the same rate as that used to discount the retirement benefit obligation; and (iii) recognition of all past service costs (gains) in net income in the period in which they arise. We adopted the amendments to IAS 19 on a retrospective basis effective November 1, 2012. The increase (decrease) on the consolidated statment of financial position as a result of the retrospective application of the amendments to IAS 19 was as follows:

As at	2013 Jan. 31	2013 Oct. 31	2012 Oct. 31	2011 Nov. 1

Consolidated Financial Statements

For the three month period ended January 31, 2014 (expressed in thousands of United States dollars)

CHIEF EXECUTIVE OFFICER'S REVIEW

Net income for the three months ended January 31, 2014 totaled \$15.1 million versus \$19.6 million for the same period in the prior year. Net revenues of \$137.2 million were up \$5.9 million when compared with the corresponding three month period in the prior year.

Loan loss impairment expenses were up \$6.8 million reflecting the continued strain in the overall economic environment, while operating expenses of \$89.5 million were up \$2.6 million mainly due to higher business taxes.

Total assets of \$11.1 billion were down 3.6% against the same period in the prior year. Tier I and total capital ratios remained strong at 23% and 24% respectively which are well in excess of the minimum regulatory requirements. The Bank continues to focus on executing its strategic priorities to further improve customer experience and pursue risk-controlled growth.

We thank the Board, management, staff and most importantly our customers for their loyalty and continuing support.

Rik Parkhil Chief Executive Officer March 17, 2014
