1. Financial Statements:

S. attached I & E and Financial Position.

2. Management's Discussion and Analysis of Financial Condition and Results of Operation

Results of Operations:

Rental income for the third quarter of 2015 increased to EC\$2.77 compared to the prior period (EC\$ 2.74 million). Total income incl. service recharge, parking and other income also increased to EC\$3.18 million from 2014 EC\$3.13 million. The company gained new contracts this year which contributed to the small growth in total income. The granting of non- budgeted and seasonal discounts to distressed tenants is expected to continue to maintain the tenant rental pool.

Operational expenses remain unchanged at EC\$ 1.07 million, general expenses had a significant increase to EC\$1.44 million from 2014 (EC\$ 0.51 million). This increase is mainly due to the high professional service fees from the bank and debt restructuring costs.

Interest costs totaling EC\$1.95 million were slightly lower at 10% than that of the prior period quarter 2014 (EC\$2.17 million) in light of refinancing with new bankers.

The company recorded a gain for the nine month period ended September 2015 of EC\$11.8 million which stems from the debt restructuring gain EC\$13.09 million allocated to the profit and loss at date of the loan payoff.

Management continues to implement cost minimization measures and consider alternative strategies to generate growth in revenue.

Balance Sheet and Cash Flows:

The financial position has improved due to a higher fair market valuation of its properties coupled with the recent debt refinancing gain. The Company's equity position reflects this change with equity financing at 52% from 30% in 2014.

Trade receivables has decreased from EC\$0.66 million in 2014 to EC\$0.50 million and trade payables showed minimal change at EC\$2 million. The company continues to operate under cash flow constraints however we expect improved liquidity in line with the debt refinancing.

Off Balance Sheet Arrangements:

The Company does not have any off-balance sheet arrangements.

3. Disclosure of Risk Factor

No additional risk factors to the ones already stated in the Prospectus dated June 30, 2008 (see attachment Risk Factors), occurred.

4. Legal Proceedings

The Company is not involved in any ongoing legal proceedings other than using its legal rights to enforce compliance with the terms and conditions of the lease against a few tenants.

5. Changes in Securities and Use of Proceeds

There have been no changes to number and type of securities since listing in July 2008.

6. Defaults upon Senior Securities

The Company never had any event of default before and since listing in July 2008.
