Directors' Report

The thirty second financial year of the Company was another successful one despite the challenges faced. The company's operations resulted in Net Income of \$7,489,311 after taxation and minority interests, compared to \$5,985,834 last year, which was restated.

In January 2005 an interim dividend of 5% (25 cents per share) was paid. The Board now recommends a final dividend of 5%, making the total dividend 10% (50 cents per share) for the year, amounting to \$2,500,000.

During the year, management continued discussions with the Inland Revenue Department, which conducted an audit of the Group's accounting records for the financial years 1998 to 2002. We have made considerable progress towards the settlement of income tax re-assessments for several companies, and we anticipate that all outstanding ones will be settled shortly.

PERFORMANCE REVIEW

Our Automotive Divisions experienced an increase in sales; however, margins were reduced due to exceptionally competitive market conditions. The Home and Building Depots produced better results than last year due to increased sales and improved purchasing practices. Our first full year of trading from our new locations proved successful and we continue to make improvements to our outlets to solidify these results. From its new premises in St. Kitts, the Business Equipment and Stationery business did well, while Nevis experienced its second consecutive year of losses. Plans have been implemented to correct this situation and generate positive results, similar to those achieved in St Kitts.

The Shipping Agencies again performed well, even though in September 2004, T.D.C Nevis Limited's agency was terminated by Tropical Shipping Company, which it had represented for over fourteen years. During the year, the company sold the MV BO, the inter-island vessel that it had owned and operated for several years. The larger capacity replacement, MV BOII, continues to perform effectively.

TDC Rentals Ltd and TDC Rentals (Nevis) Ltd

both performed well. There has been limited growth in hire purchase business, but the vehicle rentals business increased substantially. The vehicle rental business in St.Kitts has benefited greatly from our relationship with

Thrifty Car Rentals and the establishment of an office at the R.L.Bradshaw International Airport. Both companies invested heavily in the upgrading of their vehicle fleets and customer service facilities.

St. Kitts and Nevis Finance Company Ltd.(FINCO) continued its positive growth in most lines of its business. However, operating profits fell as a result of increased overheads and reduced margins.

St Kitts Nevis Insurance Company Ltd (SNIC) had another good year during which we were fortunate not to have experienced any major loss events. We are disappointed that our appeals to the government, to review its decision to disallow local insurers from setting aside more than 5% of their premiums in Catastrophe Reserves, have been

ignored. This position continues to stifle the growth of indigenous insurance companies, ultimately resulting in a net outflow of capital from the local economy.

The Hotel, Airline Services and Tours businesses had mixed results. Ocean Terrace Inn (OTI) made a small profit, its first in several years. The Airline Services business in Nevis had another very challenging year due to the continuing low volume of aircrafts handled and recurring staff problems. During the year, one of the regional airlines serving St Kitts took over the management of its customer services at the airport. However, the other scheduled, private and charter airlines businesses remained strong. TDC Tours improved its performance on the strength of the growth of its cruise and hotel related businesses.

St Kitts Bottling Company Ltd

improved its operating performance during the year largely because of its diversification into the importation of soft drinks and other services. That

company's directors and management have concluded that the aging plant must be replaced in order to ensure its survival as a manufacturer and bottler. As a result, during the next twelve months, the company will invest over EC\$8,000,000 in a new, state of the art PET plant.

St Kitts Masonry Products Ltd returned to profitability during the year. The company continues to seek to purchase land suitable for the mining of aggregate to ensure a cost effective and reliable source of raw materials.

MAICO, our associated insurance company in Anguilla, contributed significantly to the Group's performance. During the year, MAICO paid its first dividend since our company invested in it in 1998.

CAPITAL PROJECTS

The relocation of the Home Centre and its amalgamation with the Building Materials Department on Frigate Bay Road, St Kitts, has allowed for the redevelopment of the company's properties at Central and Fort Streets, Basseterre. Architectural plans are being finalized to construct a modern building on that site. The "Corner Store" located at Bank and West Independence Square Streets is being refurbished and modernized to accommodate our Airline Services and Tours businesses and provide space for rental.

We also plan to commence construction of a modern vehicle showroom at the Automotive Division at the C.A.Paul Southwell Industrial Site, St. Kitts.

REAL ESTATE & DEVELOPMENT

TDC Real Estate and Construction Company Ltd, developer of Leeward Cove

Condominiums, finally succeeded in selling the remaining condo unit in that development.

Plans are at an advanced stage to construct an upscale villa development on 8.67 acres of land at Frigate Bay, overlooking the golf course. The interest shown by prospective purchasers has been very encouraging.

While we await a response from government to our request to purchase a tract of its land suitable to develop a middle-income housing development, the company will construct twenty-one middle-income homes on 3.25 acres of land at Conaree owned by Conaree Estates Ltd. Several joint venture projects are under

negotiation, including the construction of a resort facility at Cable Bay. Real estate developments are viewed as integral components of the company's strategy to ensure its future profitability and growth.

INVESTMENTS

The Company has committed itself to invest, with local and international partners, in a new wireless telecommunications venture called St Kitts Nevis

Wireless Holdings Limited, doing business as Cingular Wireless, St. Kitts and Nevis.

Subsequent to the year end the net trading assets and the associated goodwill of

City Drug Store Limited were purchased. The acquisition price was met partly by the payment of cash and the balance will be met by the issue of shares, in the company, to City Drug Store Limited. A subsidiary company, City Drug Store (2005) Limited was established to operate the business.

SOCIAL CONTRIBUTION

The Group remains totally committed to its policy of involvement in social development and nation building through active association with programs and organizations geared towards achieving

improved standards in industry, education, sports and community development

HUMAN RESOURCES

We believe that the Company's most valuable resource is its employees and as a result the Company continues to focus on their development at all levels. In addition to assisting employees currently pursuing studies at the undergraduate, graduate and diploma levels, we

continue to develop and deliver training programmes in-house to ensure that employees keep abreast of the latest issues and techniques.

THE ECONOMY

Fueled by increased arrivals of stay over cruise visitors in the tourism sector, together with public and private sector construction activity, the local economy remained bouyant.

We applaud the government's decision to finally close the sugar industry after years of accumulating crippling losses. While we are aware that the closure of the industry will create challenges, we believe that if it is accompanied by well managed and creative re-training and land use programs, the decision will greatly benefit the country in the long term.

STATUTORY REPORT

The Directors have pleasure in submitting their Report and Audited Accounts for the year ended January 31, 2005.

In accordance with Article 99 of the Articles of Association Messrs J A Cramer, C E Ottley, C L Wilkin, and E A Kelly retire and being eligible, offer themselves for reappointment.

In closing, the Board wishes to thank all employees for their unwavering loyalty and commitment and solicit their continued support. We also take this opportunity to thank all our shareholders for their confidence in us, and our valued customers for their patronage, because it is only through these stakeholders that we can be true to our motto:

TDC for Service
TDC for Quality

Auditors' Report

TO THE MEMBERS OF ST KITTS NEVIS ANGUILLA TRADING AND DEVELOPMENT COMPANY LIMITED

We have audited the Consolidated Balance Sheet of the Group as at 31 January 2005, and the related Consolidated Profit and Loss Account and Statements of Changes in Equity and Cash Flows for the year then ended. These Financial Statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these Financial Statements based on our audit.

We conducted our audit in accordance with International Standards on Auditing. Those standards require that we plan and perform an audit to obtain reasonable assurance about whether the Financial Statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Financial Statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as, evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, these Financial Statements present fairly, in all material respects, the financial position of the Group at 31 January 2005, and the results of its operations, changes in equity and its cash flows for the year then ended, in accordance with International Financial Reporting Standards except as disclosed in Note 2 (n) & (p) to the Financial Statements.

Notes to the Accounts

FOR THE YEAR ENDED 31 JANUARY 2005

1. PRINCIPAL ACTIVITIES

St Kitts Nevis Anguilla Trading and Development Company Limited, incorporated in St Kitts, is the Parent Company of a diversified trading, manufacturing and service group. A list of subsidiary companies and their main activities is given at the end of this report.

2. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting:

The Accounts of the Parent Company and its subsidiaries have been prepared under the historical cost convention modified to give effect to the revaluation of certain fixed assets.

b) Basis of Consolidation:

The Group Accounts include the Accounts of the Parent Company and its subsidiary companies, which are made up to 31 January 2004. The Group Accounts also include the Group's share of the post-acquisition results and the reserves of associated companies.

The Group's share of attributable post acquisition income of its associated companies is dealt with in the Consolidated Profit and Loss Account while in the Consolidated Balance Sheet the investments are shown at cost plus the Group's share of post acquisition reserves.

Inter-Company transactions, including inter-company profits in year-end inventories, where material, have been eliminated from these Accounts.

c) Investments:

Investments in shares of associated companies (holding of 20% to 50%) are accounted for on the equity method of accounting. Trade and other investments are stated at cost or valuation less provision for diminution in value.

Investments in Companies quoted on the Eastern Caribbean Securities Exchange are carried at fair value based on quoted market prices at the year end.

d) Inventories and Goods in Transit:

Inventories and goods in transit are valued at the lower of cost and net realizable value, which have been applied consistently with the previous financial year.

e) Hire Purchase Transactions:

The gross profit and interest charges relating to hire purchase sales are apportioned over the period in which the instalments are received in the proportion which instalments received bear to the total selling price. Hire purchase stock is valued at hire purchase sale price less deferred gross profit and interest charges and less cash received on account. This value is not greater than cost or net realizable value and has been consistently applied over the years.

Notes to the Accounts

FOR THE YEAR ENDED 31 JANUARY 2005

2. SIGNIFICANT ACCOUNTING POLICIES CONT'D

f) Policyholders' Funds

St. Kitts Nevis Insurance Company Limited (SNIC), a wholly owned subsidiary, is required to set aside and maintain funds for both statutory and actuarial reasons to adequately safeguard the policyholders' interests. These funds are shown separately from the funds attributable to the shareholders and are not available for distribution. An actuary will value the long term insurance funds at intervals not exceeding five years.

g) Premium Income:

Premium income is accounted for in these Accounts when written. This corresponds in the main to the date the insurance cover becomes effective. Any subsequent revisions to or cancellations of premiums are accounted for in the year during which these occur.

h) Underwriting Profits:

Underwriting profits are on general insurance business stated after setting off reinsurance premiums and after making adequate provisions for unearned premiums, unexpired risks, outstanding claims and claims equalisation reserve.

i) Provisions for Unearned Premiums:

Provisions for unearned premiums represent the proportions of the premiums written in the period less reinsurance thereon which relate to periods of insurance subsequent to the balance sheet date and have been computed on a monthly pro rata fractional basis (the "24th's" method).

j) Provisions for un-expired risks:

Provisions for un-expired risks represent amounts set aside at the end of the year in respect of subsequent risks to be borne by the Company under contracts of insurance in force at the end of the year and have been computed as a percentage of the unearned premiums.

k) Outstanding Claims:

Outstanding claims comprise the estimated cost of all claims incurred but not settled at the balance sheet date, less recoveries from re-insurers. Provision is also made for claims incurred but not reported until after the balance sheet date. Differences between the provisions for outstanding claims and subsequent settlements and revisions are included in the revenue statements in the year the claims are settled.

l) Claims Equalisation Reserve:

Claims Equalisation Reserve represents annual transfers from gross premiums on fire, motor and miscellaneous business deemed necessary by the Directors to provide for unforeseen risks and catastrophes, in keeping with standard practice in the insurance industry.

Notes to the Accounts

FOR THE YEAR ENDED 31 JANUARY 2005

2. SIGNIFICANT ACCOUNTING POLICIES CONT'D

m) Fixed Assets:

The Freehold and Leasehold properties were independently and professionally revalued in January 1995 at market values prevailing at that date. Properties acquired after that date have been stated at cost. Surpluses on revaluation have been taken directly to Capital Reserve. Other fixed assets are stated at cost less related accumulated depreciation.

n) Depreciation of Fixed Assets:

Depreciation is provided for at varying annual rates calculated to write off the cost of fixed assets other than Freehold and Leasehold Properties over their expected useful lives. It is the Group's policy not to provide for depreciation on the majority of its Freehold and Leasehold Properties because, in the opinion of the Directors, these assets are constantly repaired and adequately maintained in good condition and any depreciation, which may be required, would not be material. This policy, however, is not in accordance with International Accounting Standard No .16.

o) Foreign Currencies:

All amounts are stated in Eastern Caribbean Dollars. Transactions during the year between the Group and its customers and suppliers are converted into local currencies at the rates of exchange ruling at the dates of the transactions. Differences arising there from are reflected in the current year's results. Assets and liabilities in foreign currencies are translated into Eastern Caribbean Dollars at the rates of exchange prevailing at the balance sheet date.

p) Taxation:

Taxation is provided for under the taxes payable method. No account is taken of Deferred Taxation because, in the opinion of the Directors, the application of such a method has limited significance in the context of taxation legislation and company law requirements in St Kitts-Nevis. This method is not in accordance with the International Accounting Standards.

q) Turnover:

Turnover comprise sales to third parties, commissions and gross general insurance premiums.

Notes to the Accounts

FOR THE YEAR ENDED 31 JANUARY 2005

3. CASH AND SHORT TERM INVESTMENTS

Included in cash and short term investments is an amount of \$7,622,813 (2004 = \$7,459,375) which represents Government of St Kitts and Nevis and Nevis Island Administration Treasury Bills stated at cost [Face Value \$7,750,000 (2004 = \$7,500,000)] maturing on a quarterly basis. Interest is earned at the rate of 6.5% and 7% per annum respectively, free of tax.

Coming --- Soon...

Sunrise Hill Villa Resort

Half Moon, St. Kitts

"Home Away From Home"

Nestled among lush vegetation and tropical landscaping on a hillside at Half Moon Bay, will be TDC's proposed project the Sunrise Hill Villas.

These exclusively designed properties are perched atop 8.67 acres of scenic, tropical land, overlooking the Royal St. Kitts 18-hole Golf Course. They are designed to provide the perfect haven for those yearning for sunshine, unspoiled beauty, and the gentle rhythm of life in St. Kitts. Cradled between the Atlantic Ocean and the Caribbean Sea, this meticulously

crafted, charmingly traditional, and lavishly comfortable location provides the perfect Caribbean escape. Sunrise Hill Villas offer a laid back world of its own.

The Resort is intended to be reflective of true Kittitian architectural designs, coupled with a modern thrust. The traditional element uses a modular core with very "clean-line" modern attachments to complete the composition.

The end result is a Villa design with a unique and distinctive identity, which exhibits strong characteristics of a small plantation house with unmistakable elements of efficiency and comfortable modern living.

Atlantic Dawn, Ocean Dawn, Morning Dew, Morning Glory, Solar, and Sun Burst, are appropriate names for the newly designed villas, used to cultivate the sunrise theme.

This project will commence in June 2005 and is expected to be completed within 48 months.

P.O Box 142, Basseterre, St. Kitts, West Indies

THE FUTURE OF CENTRAL STREET BEGINS HERE...

To facilitate the demands of the expanding Tourism Sector, TDC Group of Companies will transform its premises on the corner of Fort and Central Streets. This will provide a unique shopping experience in the heart of historic Basseterre, maintaining the traditions that continue to shape the colonial architectural landscape, whilst at the same time preserving our heritage, style and allure.

To complement this new development, the City Drug Store (CDS) will relocate to the new multifaceted building. CDS will continue to upgrade its services using innovative technology, a wider range of quality products, and the highest level of Client/Customer service to satisfy the growing needs of our nation.

TDC is pleased to present the conceptual impression of our downtown redevelopment, which will improve the office space of the Group, and provide unmatched retail accommodation in the heart of Basseterre.
