

Appointment of Director, Republic Bank (Grenada) Limited

Dr. Angus Friday

Having served at the World Bank in Washington DC, Dr. Angus Friday, is an international island economy development specialist, helping to finance island nations by developing their SMEs and sustainably harnessing their ocean and coastal assets.

A qualified medical doctor with a Masters of Business Administration degree, Dr. Friday represented Grenada internationally as its Ambassador to the United Nations, the United States, Canada, Mexico and the Organization of American States. He served at the World Bank as the Bank's Oceans Representative for the institution's \$1.2 billion ocean-related portfolio.

He currently serves as the Strategic Partnerships Director, building on his prior role as Blue Economy Director at the San Diego based Waitt Institute.

We are proud to welcome Dr. Angus Friday to the Board of Directors of Republic Bank (Grenada) Limited effective December 1, 2023, subject to regulatory approval.
